Our past recruiters have widened their scope of offerings by providing a wider array of roles to the students. New recruiters have brought in first-hand opportunities in the form of coveted and niche profiles. The recruiters were impressed with the attitude of the students towards learning and development, critical thinking and practical application of concepts. A wide range of responsibilities in the domains of Strategy, BFSI, Consulting & Analytics, Sales & Marketing, Operations, HR and IT/ITeS were offered. IIM Trichy has gone international, through internship opportunities in Europe and Middle East.
