1.   Pointing to a woman, Suresh said, 'she is the daughter of my grandfather's only daughter. How is Suresh related to the woman?
A.   Brother   B.Cousin
C.   Uncle   D.Cannot be determined
E.   None of these

2.   'Visual' is related to 'Light' in the same way as 'Audio' is related to ; ....
A. Voice   B. Sound
C. Drama   D. Noise
E. None of these

3.   In a class of 40 children, Sunetra's rank in eighth from the top. Sujit is five ranks below Sunetra. What is Sujit's rank from the bottom?
A. 27   B. 29
C. 28   D. 26
E. None of these

4.   How many such numerals are there in the number 2576489, which will remain at the same position when arranged in ascending order from left to right?
A. One   B. Two
C. Three   D. None
E. More than three

5.   In a certain code 'DESCRIBE' is written as 'FCJSDTFE'. How will 'CONSIDER' be written in that code?
A. SFEJTOPD   B. SEFJTOPD
C. QFETJOPD   D. QEFJTOPD
E. None of these

6.   Four of the following five are alike in a certain way and so form a group. Which is the one that does not belong to that group?
A. Shampoo   B. Talcum Powder
C. Hair Oil   D. Cosmetics
E. Soap

7.   Four of the following five are alike in a certain way and so form a group. Which is the one that does not belong to that group?
A. Jasmine   B. Rose
C. Dahlia   D. Marigold
E. Lotus

8.   'Jackal' is related to 'Carnivorous' in the same way as 'Goat' is related to
A. Omnivorous B. Carnivorous
C. Herbivorous D. Multivorous
E. None of these

9.   Iron is related to 'Metal' in the same way as 'Brass' is related to .....
A. Iron   B. Alloy
C. Copper   D. Zinc
E. None of these

10.   In a row of children, Neeta is fifteenth from the left end of the row. If she is shifted towards the right end of the row by four places, she becomes eighth from the right end. How many children are there in the row?

     A. 27   B. 26
     C. 28   D. 24
     E. None of these

11.   Four of the following five are alike in a certain way and so forma group. Which is the one that does not belong to that group?

     A. Van   B. Truck
     C. Cargo   D. Trolley
      E. Tempo

12.   Four of the following five are alike in a certain way and so form a group. Which is the one thai does not belong to that group?

     A. Coriander   B. Mustard
     C. Cumin   D. Clove
     E. Cardamom

13.   Seed is related to 'Eruit' in the same way as 'Fruit' is related to .....

     A. Tree   B. Branch
     C. Flower   D. Petal
      E. None of these

14.   Four of the following five are alike in a certain way and so form a group. Which is the one that does not belong to the _ group?

     A. 71   B. 73
     C. 67   D. 61
      E.77

15.   How many meaningjut English words can be formed from the word NOTE beginning with 'T' and without repeating any letter within that word?

      A Three   B. One
      C. Two   D. None
       E. None of these

Directions (Qs, 16 to 20): In each of the following questions series begins with unnumbered figure on the extreme left. One and only one of the five numbered figures in the series does not fit into the series. The two unnumbered figures one each of the extreme left and the extreme right fit into the series. You have to take as many aspects into account as possible of the figures in the series and find out the one and only one of the five numbered figures which does not fit into the series. The number of that figure is the answer.
Study - the following question.

(A)   (B)   (C)   (D)   (E)
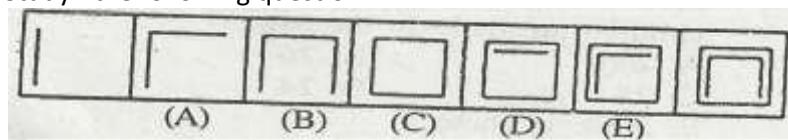

In this question the number of lines in the figures goes on increasing by one from left to right. If we go by this aspect of 'number of lines' only then there is not wrong figure in the series. But if we also consider the 'manner' n which the 'number of lines' in the figures goes on increasing from left to

right we come to know that the figure No. 4 does NOT fit into the series. Therefore, 4 is the answer. Now solve the following questions.

16.

(A)   (B)   (C)   (D)   (E)

17.

(A)   (B)   (C)   (D)   (E)

18.

(A)   (B)   (C)   (D)   (E)

19.

(A)   (B)   (C)   (D)   (E)

20.

(A)   (B)   (C)   (D)   (E)
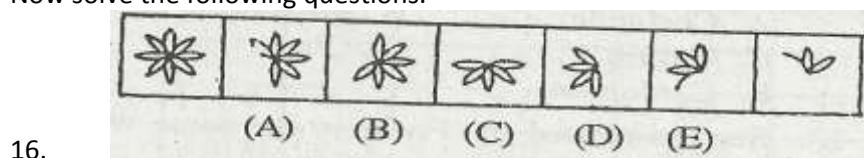

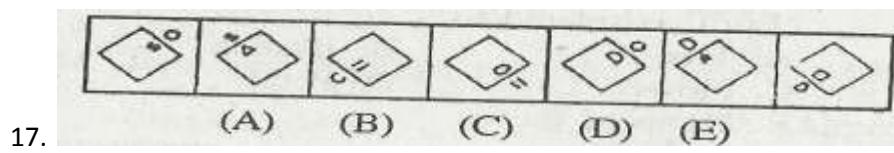

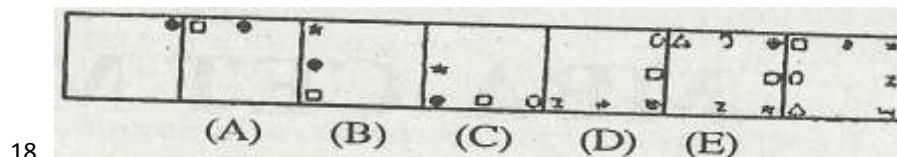

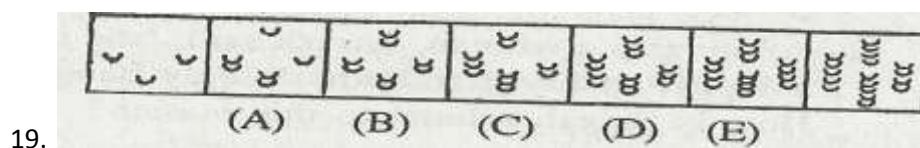

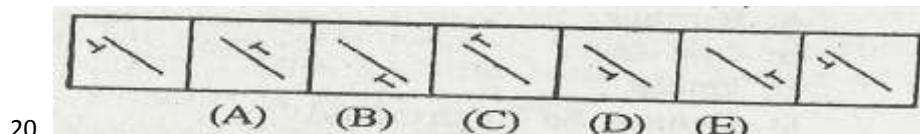

Directios (Qs, 21 to 25): What approximate value should come in place of question mark (?) in the following questions? (You are not expected to
- calculate the exact value)

21.   9938 + 92 + 0 = ?

A12   B.21

C. 7   D. 19

E. 5

22.   11.593 x 3I.l18 x 24.924 = ?

A 7783   B. 9899

C. 6781   D. 10987

E. 8991

23.   (?% of 44.444) x (21 % of 66.666) = 136.89

A.11   B. 22

C. 33   D. 44

E. 55

24. $\sqrt[3]{750000}$ =?

A III   B. 101

C. 91   D. 81

E. 71

25. 2 3/5 + 8 1/3 + 3 7/8=?

A.10   B.23

C.37   D.15

E.60

Directions (Qs, 26 to 30): For each statement there are four different sentences given below it. Pick out the one that most appropriately conveys the meaning of the statement. The number of that sentence is the answer. If none of them conveys the meaning of the statement, the answer is (5) i.e. 'None'.

26. Unlike the tribals who are hardworking, the urbanites canrlot withstand ~hysicalstrai~ A The tribals do not lik,f to withstand physical strain as the. urbanites do
B. The 'urbanites are hard'j0rking but they do not .like to undertak~ physical strain
C. The tribals can withstand physical strain whereas urbanites cann t
D. Because the tribals are ardworking they can tolerate physical st ain
E. None

27. Should you need a Per anent Account Number (PAN) Card, you must submit an application along with a copy of your ration card
A. Unless you do not submit an application along with a copy of your ration card you will not get a PAN Card
B.You should require a PAN Card if you want to submit an application along with a copy of your ration card
C.If you submit your application along with your ration card you do not need a PAN I Card.   .
D.If you submit an application along with your ration card you will get only a PAN Card
E.None

28. Despite any kind of hurdles, I shall come.
A I shall come if there are different kinds of hurdles
B.I shall _not be able to come if there are different kinds of hurdles
C.Even tough I come, there could be different kinds of hurdles
D.Whether or not there are any kind of hurdles, I shall come
E.None

29. The Manager would like you to help him locate the conspicious error
A. If you help him locate the conspicuous error, the Manager would like you
B.The Manager desires that you should provide him the necessary assistance to locate the conspicuous error
C.The Manager feels that if you do not help him, the conspicuous error will not be located
D.The Manager expects that the conspicuous error should be located only with your help
E.None

30. The speaker remarked that not all the politicians were really unkind
A. The speaker remarked that some of the politicians were kind while others were not
B.The speaker remarked that all. the politicians were not kind
C.The speaker remarked that all those who are not politicians cannot be necessarily kind
D.The speaker remarked that all those who are politicians may hardly include really a group of kind people
E.None

Directions (Qs, 31 to 35): What' should come in place of question mark (?) in the following number series?

31. . 405   135   54   27   18   18   ?
    A 30   B.48
    C. 42   D.24
    E. 36.

32. 2   11   27   52   88   137   ?
    A 209   B.207
    C. 205   D.203
    E. 201

33. 3   14   47   146   443   1334   ?
    A. 3007   B.3507
    C. 3705   D.4007
    E. 4704

34. 64   512   1728   4096   8000   13824   ?
    A.15625   B.21952
    C. 19683   D.17576
    E. 12167

35. 18   32   58   108   206   400   ?
    A.786   B.784
    C.782   D.780
    E. 778

Directions (Qs, 36 to 45): The second figure in the first unit of the problem figures bears a certain relationship to the first figure. Similarly one of the figures in the answer figures bears the same relationship to the first figure in the second unit of the problem figures. You are therefore to locate the figure which would fit the question mark.

50. Which of the following should be the SECOND sentence after rearrangement?
    A B   B. C
    C. D   D. E
    E. F

Directions (Qs, 51 to 55): What should come in place of question mark (?) in the following I questions?

51. $[\{(16)^{\frac{1}{2}}\}^3]? = 512$
    A2   B.1.5
    C. 2.5   D. 3
    E. None of these

52. sq.root of9801 x sq.root of 9900.25 =?
    A 9604.5   B. 9702
    C. 9850.5   D. 9950
    E. None of these

53. 20.6% of 598 + 11.5% of 902 = ?
    A 224.918   B. 230.918
    C. 228.918   D. 226.918
    E. None of these

54. 11628 + ? + 4 + 3 = 51
    A '13   B. 15
    C. 17   D. 19
    E. None of these

55. $(63.3)2 + (74.5)2 = ?$
    A 9557.14   B. 9775.12
    C. 9575.16   D. 9757.18
    E. None of these

Directions (Qs. 56 to 60): In each of the questions below are given four statements followed by four conclusions numbered 1, II, III and IV. You have to take the given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts

56. Statements: Some computers are laptops. Some laptops are notebooks.
            All notebooks are papers. All papers are phones.'
Conclusions:
            I. Some laptops are papers.
            II. Some Phones are notebooks
           Ill, Some computers are notebooks
            IV. No computer is notebook
      A. None follows
      B.Only I & II follow
      C.Either III or IV follows
      D.I, II and either III or IV follow
       E.None of these

57. Statements: Some keys are locks. All locks are boards.
                Some boards are cards. All cards are papers.
Conclusions:
            I. Some boards, are papers.
            II. Some boards are keys.

    III. Some papers are cards.
    IV. Some boards are locks
   A. None follows
   B.Only I & II follow
   C.Only II & 'III follow
   D.Only I, II & III follow
   E.All follow

58. Statements: All socks are shoes. Some shoes are wallets.
       Some wallets are bags, No bag is purse.
Conclusions:
    I. Some bags are socks.
    II. Some wallets are socks.
    III. No wallet is purse
    IV.Some purses are wallets.
   A. Either I or II follows
   B.Either III or IV follows
   C.Only II & III follow
   D.Only III and IV follow
   E.None of these

59. Statements: Some walls are doors. Some doors are grills.
       No grill is window. Some windows are roofs.
Conclusions:
    I. No roof is grill.
    II. No window is door.
    Ill, Some window are walls.
    IV. Some roofs are walls.
   A.None follows
   B.Only I & II follow
   C.Either I or IV follows
   D.Either II or III follows
   E.All follow

60.Statements: All letters are words. Some words are poems.
      All poems are plants. Some plants are flowers.
Conclusion
    I. Some plants are words.
    II. Some plants are letters.
    Ill, Some flowers are poems.
    IV. No flower is word
   A. None follows
   B.Either III or IV follows
   C.Only I follows
   D.Only I & II follow.
   E.All follow

Answer Choices for Questions:
66.   A. Only (a)   . B. Only (e)
        C. Either (a) or (e)   D. Only (b)
        E. None
67.   A Only (f)   B. Only (g)
        C. Either (f) or (g)   D. Only (j)
        E. None
68.   A Only (b)   B. Only (h)
        C. Only (g)   D. Either (b) or (h)
        E. None
69.   A Only (a)   B. Only (g)
        C. Only (c)   D. Either (i) or (c)
        E. None
70.   A .None   B. Only (f)
        C. Only (b)   D. Either (f) or (b)
        E. Only (c)

Directions (Qs, 71 to 7;;): In each of these questions a group of letters is given followed by four combinations of digits and symbols numbered (A), (B), (C) & (D). Letters are to be coded by digiti symbol as per the scheme and conditions given below. Serial number of the combination of digiti symbol that represents the group of letters is your answer. If none of the combinations is correct your answer is (E) i.e. 'None of these'.
Letters : L F J T A HIM R E K DUB P
Digiti 3 7 # $ 4 9 1 8 2 @ 6 % © * 5
 Symbol
code

Conditions:
 (i) If the first. letter is a c0,9sonant and. the last letter. is a vowel thJlr codes are to be interchanged.
 (ii) If the first as well at the last letter is a vowel
 (iii) If the first as well as the last letter is a consonant and in between there are two or more vowels all the vowels are to be coded as o ..
  (iv) If the first letter is a vowel and the last letter is a consonant, both are to be coded as the code for. consonant.

71.   EFHKLB
        A @7963*   B. *7963*
        C. @7963@   D.*7963@
        E. None of these
72.   FTAMIR
        A 7$4812   B. 7$1842
        C. 7$0802   D. 7$£8£2
        E. None of these

73.   DKPRTB
        A *652$%   B. %652$%
        C. £652$£   D. *652$*
        E. None of these

74.   UPITRA
         A 45#$2©   B. ©5#$24
         C. ©5#$2©'   D. £5#$2£
         E. None of these

75.   HLEKBI
         A 13@6*9   B.92@K*1
         C. 13@6* 1   D.93@K*9
         E. None of these

Directions (Qs, 76 to 80): Each question below is followed by two statements A and B. You are to determine whether the data given in the statement is sufficient for answering the question. You should use the data and your knowledge of Mathematics to choose between the possible answers.
Give answer (A) If the statement A alone is sufficient to answer the question, but the statement B alone is not sufficient.
Give answer (B) if the statement B alone is sufficient to answer the question, but the statement A alone is not sufficient.
Give answer (C) if both statements A and B together are needed to answer the question.
Give answer (D) if either the statement A alone or statement B alone is sufficient to answer the question
Give answer (E) if you cannot get the'answer from the statement A and B together, but need even ore data.

76.   In how many days 12 mer, can complete a piece of work?
         A .If 12 children can complete the same piece of work in 36 days.
         B. If 12 women can complete the same piece of work in 24 days.
77.   What is the three digit number?
         A. Three digit number is a Prime Number.
         B. The-first and the third digit is 7.
78.   What is the profit earned by selling a Calculator for Rs. 560/-?
         A. The cost price of 4 such Calculators is equal to selling price of 3 such Calculators.
         B.One-third amount of cost price is earned as profit.
79.   The ages of Aashima and Apsara are in the ratio of 9 : 8. What is the age of Aashima?
         A. The ages of Aashima and Arpita are in the ratio of 3 : 2.
         B.After 6 years the ratio of Aashima's and Apsara'a ages will be 11 : 10.
80.   Is B an odd number?
         A .B multiplied by an odd number is an odd number. .
         B.B is not divisible by 2.
Directions (Qs. 81 to 85): These questions are based on the following .letter/number/symbol arrangement. Study if carefully and answer the questions. 8GAR#7HE%LI@JKIDU5tBT3 $QM2*F4
81.   How many such consonants are there in the above arrangement each of which is immediately preceded by a number and also immediately followed by a symbol?
         A None   B. One
         C. Two   D. Three
         E. More than three
82.   Four of the following five are alike in a certain way based on their position in the above arrangement and so form a group. Which is the one that does not belong to the group?
         A 7R%   B. A87
         C.JID   D.3BM
         E.DKB

83.   How many such vowels are there in the above arrangement each of which is immediately preceded by a consonant and also immediately followed by a symbol?
        A None   B. One
        C. Two   D. Three
        E. Four

84.   If all the numbers are dropped from the above arrangement which element will be fifth to the left of thirteenth from the left?
        A %   B. L
        C. I   D. E
        E. None of these

85.   If all the vowels are dropped from the above arrangement and then the order of remaining elements is reversed, which element will be seventh to the right of eighteenth from the right end?
        A.K   B. @
        C. L   D. J
        E. None of these

Directions (Qs. 86 to 90): In each of the following sentences there are two blanks spaces. Below each sentence there are five pairs of words or groups of words denoted by numbers (A), (B), (C) (D) and (E). Find out which pair of words can be filled up in the blanks in the sentence in the same sequence to make the sentence grammatically correct and meaningfully complete.

86.   Preaching .....generally easier than ..... it.
        A .every ideology has, practice
        B.an ideology is; practising
        C.ideologies is, experimenting
        D.others are, practice
        R. None of these   '.

87.   While going to the office yesterday I .....that I ..... the key of my office room at home.
        A ,suddenly realized, have forgotten
        B.gradually remembered, was forgetting
        C.immediately recalled, was left
        D.suddenly realized, had forgotten
        E.None of these

88.   This Physics Laboratory is .....with all the sophisticated ..... but also with most of the recent publications.   .
        A. not only equipped, instruments
        B.not equipped, gadgets
        C.dumped, old publications
        D.equipped not only, instruments
        E. None of these

89.   If he .....prepared his lecture well in advance it ..... the best lecture in the entire conference.
        A. would have, would have been
        B.would, must be
        C.had, would have been
        D.should have,would be
        E.None of these

Directions (Qs, 91 to 95): Study the following graph carefully to answer the questions that follow:

Number of People (in thousands) Applying for LIG, MIG Flats in Five Different Cities
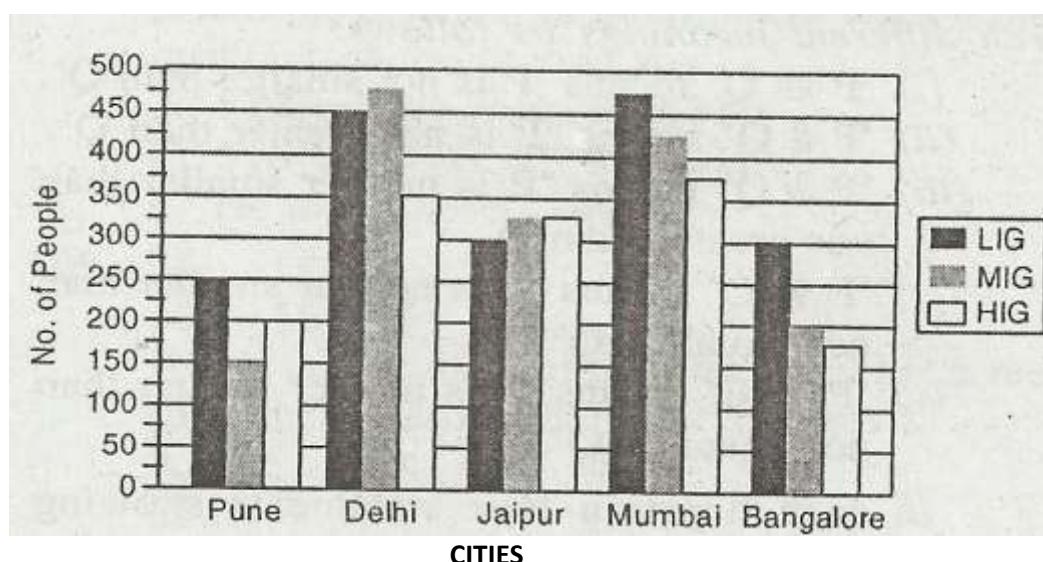

CITIES

91. What is the respective ratio of total number of people applying for LIG, MIG and RIG flats in all the cities together?

A 24 : 21 : 19   B. 8 : 7 : 6
C. 71 : 63 : 57   D. 48 : 42 : Tl
E. None of these

92. What is the Total number of people applying for MIG flats in all the cities together?
A 1775   B. 1425
C. 1625   D. 1575
E. None of these

93. Number of people applying for LIG flats in Pune forms what percent of total number of people applying from all the categories in Pune? (rounded off to two digits after decimal)
A 41.67   B. 54.16
C. 35.29   D. 44.44
E. None of these

94. What is the respective ratio of total number of people applying for HIG flats from Delhi & Pune together to those applying for MIG flats from Bangalore & Jaipur together?
A 21 : 23   B. 22 : 21
C. 22 : 23   D. 21 : 22
E. None of these

95. Number of people applying for MIO. flats in Mumbai forms approximately what percent of the total number of people applying for MIG' flats from all the cities together?
A 34   B. 48

C. 51   D. 18
E. 27

Directions (Qs, 96 to 100): In each of these questions the symbols @, #, $. % and * are used with different meanings as follows:

(i) 'P @ Q' means 'P is. not smaller than Q'.

(ii) 'P # Q' means 'P is not greater than Q'.

(iii) 'P $ Q' means 'P is neither smaller than nor greater than Q'.   .

(iv) 'P % Q' means 'P is neither smaller than nor equal to Q'.

(v) 'P * Q' means 'P is neither greater than nor equal to Q'.

In each question four statements showing relationships have been given, which are followed by four conclusions I, II, III & IV. Assuming that the given statements are true, find out which conclusion(s) is/are definitely true.

96.   Statements: L # T, T * D, D @ H, H $ K

Conclusions: I. K *. D

II K#D

III. L * D

IVK$L

A .Only I & III are true

B.Only II & III are true

C.Only III & IV are true

D.Only I & II are true

E. None of these

97.   Statements: E $ F, F @ I, I % K, L * K

Conclusions: I. E @ I

II. L * F

III.F%K

IV. E % K

A .None is true

B.Only I & II are true

C.Only II & III are true

D.Only I, II & III are true

E.All are true

98.   Statements: R @ J, J * F, F # M, M % V

Conclusions: 1. J % V

II.R @M

III. J # V

IV. R * M

A .Either I or III is true

B. Either II or IV is true

C. Only II & III are true

D. Either I or III and either II or IV are true

E. None of these

99.   Statements: V %W; W # Z, Z @ T, T $ H

Conclusions: 1. Z % H

II. V @ Z

III. V * Z

IV. W $ T

A. Either I or III is true

B. Only I is true

   C. Only II & IV are true

   D. All are true

   E. None of these .

Directions (Qs. 101 to 105): Find out which one, two, three or none of the given alternatives is/are most nearly the SAME in meaning of the word printed in bold.

101. Indomitable

   (1) Feeble   (2) Unconquerable

   (3) Conspicuous

  A (1) only   B. (2) only

   C. (3) only   D. (1) and (2) only

   E. All the three

102. Melancholy

   (1) Sad   (2) Miserable

   (3) Malicious

   A .(1) and (2) only   B. (2) and (3) only

   C. (1) and (3) only   D. All the three

    E. None

103. Versatile

   (1) Verifiable   (2) Inflexible

   (3) Multi-talented

   A. (1) only   B. (2) only

   C. (3) only   D. (1) and (2) only

   E. (1) and (3) only

104. Invigorate

   (1) Revitalize   (2) Strengthen

   (3) Rejuvenate

   A (1) only   B. (2) only

   C. (3) only   D. (1) and (3) only

   E. All the three

105. Exasperate

   (1) Exonerate   (2) Annoy

   (3) Frustrate

   A (1) and (2) only B. All the three

   C. (1) and (3) only D. (2) and (3) only

   E. (2) only .

Directions (Qs.106 to 110): In each of the following questions two rows of numbers are given. Resultant number in each row is to be worked out separately based on the following rules and the question below the row of numbers is to be answered. The operations of numbers progress from left to right. Resultant of the first operation is the input for the subsequent operation.

Rules:

i) If a composite odd number is followed by a prime number, the composite number is to be divided by the prime number.

(ii) If a composite number is followed by a number which is the perfect square, the two are to be added.

(iii) If an even number is followed by a prime number the two are to be multiplied.

(iv) If a composite odd number is followed by a even number the second number is to be subtracted from the first number.

(v) If a prime number is followed by any number, ' the two are to be multiplied.

(vi) If the even number is followed by a composite number the second number is to be subtracted from the first .number,

106. 32   9   6
      45   24   8

What is the difference between the resultants of the first and the second row?

A 233   B.246
C. 259   D. 253
E. None of these

107.   28   12   5
       13   6   25

What is the sum of the resultants of-the two rows?

A 23   B. 80
C. 103   D. 138
E. None of these

108.   75   56   8
       X   36   7

If X is the resultant of the first row what is the resultant of the second row?

A812   B. 1316
C. 816   D. 1312
E. None of these

109.   99   11   3
       35   16   X

If X is the resultant of the first row what is the sum of the resultants of the two rows?

A 17   B.3
C..51   D. 20
E. None of these

110.   165 11 49
       X   18 7

If X is the resultant of the first row what is the resultant of the second row?

A 448   B.574
C. 322   D. 332
E. None of these

Directions (Qs; 111 to 115): Read thefollowing passage carefully and answer the questions given below it. Certain words are given in bold in the passage to help you locate them while answering some of the questions.

Urbanization and altered lifestyles are indicators of socio-economic development and lead to risk factors for cardiovascular diseases CVDs. At present, pre-transitional diseases like rheumatic heart disease, mostly the problem of the poor, co-exist as a major cardiovascular disease along with post-transitional diseases such as coronary heart disease and. hypertension. In India nearly 2.4 million

www.cetking.com | Mocks | Workshops | GDPI Call Rahul Sir 9820500380 | 9820377380 | 9820337380

deaths are caused by cardiovascular disorders. Small-scale community-based studies indicate the prevalence of CVD in adults, ranging from 2-6 per cent in rural and 6- I 0 per cent in urban areas. The health sector review of the World Bank projects that CVD mortality rates would double between 1985-2015.

111.   A country's socio-economic development is generally estimated on the basis of-
         (I) Switchover to urban lifestyle ,
         (2) Adaptation of sophisticated lifestyle
         (3) Number of patients with cardiovascular diseases   .

         A.(1) and (2) only   B. (2) and (3) only
         C. (I) and (3) only   D. All the three
         E. None of these

112.   Which of the following is definitely TRUE in the context of the passage?
         (I) CVD adult patients in rural areas outnumber those 'in urban areas
         (2) The proportion of the rich and poor CVD patients is almost the same
         (3) CVD deaths between 1985-2015 would be doubled in respect of rural areas
         A. (I) and (2) only   B. (2) and (3) only
         C. (I) and (3) only   D. All the three
         E. None of these

113.   Which of the following is most nearly the SAME as the word PREVALENCE as used in the passage?
         A. cure   B. remedy
         C. occurrence   D. prevention
         E. eradication

114.   The passage lays emphasis on which of the following?
         (1) Association of CVDs with urban lifestyle
         (2) Diseases of rich and the poor
         (3) Diseases prevalent in rural and urban areas
         A. All the three   B. (1) and (2) only
         C. (2) and (3) only   D. (I) only
         E. (2) only

115.   Which of the following is most nearly the SAME as the word ALTERED as used in the passage? .
         A. shifted   B. changed
         C. reviewed   D. modern
         E. traditional

Directions (Qs, 116 to 120): Study the following graph carefully to answer the questions that follow:
Total Number of Boys and Girls in Five Different Colleges.

J works in operations inorganizationY. H works in Design in organization X only with L. Those who work in HR and administration work in the same organization. K works in organization Z but does not work in Research department. V works in administration for organization Y. The one who works in Accounts works in organization X. T works in organization Y.

136. R works in which organization?
     A X   B. Y
     C. Z   D. Yor Z
     E. Cannot be determined

137. Who works in HR?
     A K   B. T
     C. R   D. J
     E. None of these

138. Which of the following combinations is correct?
     A .Z-R-HR
     B.Y-K-Marketing
     C.X-L-Administration
     D.Y-V-HR
     E.None of these

139. Three persons work in which organization?
     A. Y   B. Z
     C. X   D. Y or Z
     E. X or Z

.140. K works in which department?
     A. HR   B. Design
     C. Research   D. Marketing
     E. None of these

Directions (Qs. 141 to 145): Each ojthe questions below consists. of a question and three statements numbered I, II and If I given below it. You have to decide whether the data provided in the statements are sufficient to answer the question.

141. What is the code for 'write' in the code language?
     I.In the code language 'do not enter' is written as 'ja to ka'.
     II. In the code language 'enter and check' is written as 'penaja'.
     III.In the code language 'check and write' is written as 'bapena'.
     A. Only I & II   B. Only II & III
     C. Only I & III   D. Any two of the three
     E.Question cannot be answered even with the information in all three statements

142. How many employees are there in the institute?
     I. 30% of the employees are in clerical cadre.
     II. 42 employees are in officers cadre.
     III. Employees of the institute are either in officers cadre or in clerical cadre
     A Only I & II   B.Only I & III
     C.Only II and either I or III   D. All I, II & III
     E .Question cannot be answered even with the information in all three statements

143. Tower 'F' is in which direction with respect to tower 'H'?
     I. Tower 'L' is to the west of tower 'F'.
     II. Tower 'H' is to the north of tower 'L'.
     III. Tower 'R' 'is to the east of tower 'H' and to the north of tower 'F'.
     A Either only III or both I & II   B. Only I & II
     C.Only III   D. All I, II & III

E.None of these

144. How is H related to F?
   I. R is. father of H and husband of L.
   II. H is brother of J.
   III. F is daughter of L.
   A Only I & II   B.Only I & III
   C.Only I and either II or III   D.Only II & III
   E.None of these

145. Among A, B, C, D &, E who reached the office first?
   I. C reached before A and D but after B & E.
   II. A reached before D.
   III. B reached before E.
   A. Only I & II   B.Only II & III
   C.Only I & III   D. All I, II & III
   E. Any two of the three

Directions (Qs, 146 to 150): Read the following passage carefully and answer the questions given below it. Certain words are printed in bold in the passage to help you locate them while answering some of the questions.

Marketing communication which comprises services such as advertising,entertainment, depends primarily on the stage of economic development and the nature of the target groups. The Indian economy has been growing at an average rate of 5 per cent from 1980-81 resulting in a middle class population of 200-250 million. Though currently 70 per cent of the population is rural, by the year 2020 this figure should decline to 55 per cent; the literacy rate is expected to rise to 80 per cent. Because of these trends there would be major shifts in marketing communication. The strategy now is to focus on innovation and to create new needs.

146. Marketing communication has all of the following as its components EXCEPT-
   (1) Publicity of the product through various means
   (2) Exploration of needs, public opinion, etc.of products through surveys
   (3) Amusement and recreation
   A. (1) only
   B.(2) only
   C.(3) only
   D.All the three - (1), (2) & (3)
   E.None of these

147. Which of the following is required as change in strategy for effective marketing communication?
   (1) To switchover to novel and resourceful methods
   (2) To generate needs among the public
   (3) To focus on traditional ways without deviating from them   .
   A. (1) only (2) only
   B. (2) and (3) only
   C. (1) and (3) only
   D. (3) only
   E. None of these

148. Marketing communication will be greatly influenced by which of the following?
   (1) Growing rural population
   (2) Fall in percentage of rural population
   (3) Decline in literacy rate
   A (1) only   B. (2) only
   C. (3) only   D. (1) and (3) only
   E. None of these

149.   Marketing communication needs to be moulded to suit to which of the following?
   A. Advertising and publicity strategy
   B.Composition of the general public and the extent of economic development
   C.The strategy adopted for market research
   D.Various avenues available for enhancing sales
   E.None of these

150.   Which of the following is most OPPOSITE of the word DECLINE as used in the passage?
   A incline   B. reduce
   C. accept   D. increase
   E. magnify

Directions (Qs, 151 to 155): In each question below is given a statement followed by two courses of action numbered I and /I. A course of action is a step or administrative decision to be taken for improvement, follow-up or further action in regard to the problem, policy, etc. On the basis of the 'information given in the statement, you have to assume everything in the statement to be true, then decide which of the suggested courses of action logically follow(s) for pursuing.

Give answer : (1)   if only I follows.
Give answer : (2) if only II follows:
Give answer : (3) if either I or II follows.
Give answer : (4) if neither I nor II follows.
Give answer : (5) if both I and II follow.

151.   Employees of the organization gave a call for strike in protest against certain decision taken by the management.
Courses of Action:
   I. The management should call a joint meeting of management and union leaders to listen to the employees' grievances.
   II. The management should appeal to the employees to withdraw the call for strike assuring them the decisions will be considered for review.

152.   The Bus Transport Co. -received a phone call alerting bomb scare in the bus on one of its route.
. Courses of Action:
   1. The Bus Transport Co. should alert all the buses on that route advising them to vacate and take precautionary measures.
   II. The Bus Transport Company should call for the help from the Bomb squad.

153.   Twenty five children in the school were reported to be suffering from diarrhoea after having mid-day meals.
Courses of Action:
   I. Parents of the children should be advised to give homemade meals to the children.
   II.School should arrange for immediate medical help to all the affected children.

154.   Terrorist activities in the city have been continuously increasing since last few years.
Courses of Action: L
   I.The Government should alert the police department to deploy more security checks at all the entries into the city.
   II.Public should be cautioned and advised not to go out in late night hours.

155.   A huge rally was organized by the people in the locality on a religious occasion and the police was informed accordingly.

Courses of Action:
        I. Adequate police force should be deployed to oversee the procession of the rally.
        Il, Vehicles on the road should be advised a diversion to avoid traffic congestion.

Directions (Qs. 156 to 160): Study the table carefully to answer the questions that follow:
Number or Percentage of Children, Women and Men playing Six different games

GAMES	NUMBER.OF PERCENTAGE		
	Children	Women	Men
Chess	99	138	21%
Hockey	35%	159	166
Tennis	632	168	20%
Football	163	36%	221
Volleyball	261	34%	37%
Cricket	36%	77	435

156. What is the respective ratio of total number of women playing football to the men playing volleyball?
      A.2 : 3   B. 23 : 36
      C. 24 : 37   D. 11 : 18
      E. None of these

157. Total number of women playing volley ball forms approximately what per cent of the total number of women playing all the games together?
      A 45   B. 41
      C. 37   D. 33
      E.29

158. What is the average number of men playing all the games together? (rounded off to two digits after decimal)
      A 177.33   B. 236.33
     C. 210.67   D. 269.67
    E. None of these

159. What is the total number of children playing all the games together?
      A 1618   B. 1064
      C. 1418   D. 264
      E. None of these

160. Number of children playing hockey forms what per cent of children playing Cricket? (rounded off to two digits after decimal)
      A 54.76   B. 56.76
      C. 58.76   D. 60.76
      E. None of these

Directions (Qs, 161 to 165): Read the following passage carefully and answer the questions given below it. Certain words are given in bold in the passage to help you locate them while answering some of the questions.
The Guided Missile Development Programme envisaged the design and development of our missile systems. Prithvi, Trishul, Akash and Nag, leading to their production. It also established the re-entry technology capability through Agni. The re-entry technology demonstration was completed by 1992, through flight tests of Agni. Prithvi was the first of the four operational missile systems to be inducted into, the armed forces.

www.cetking.com | Mocks | Workshops | GDPI Call Rahul Sir 9820500380 | 9820377380 | 9820337380

The technological goal of the programme is to ensure that the systems will be contemporary at the time of their induction into the armed forces. The systems have been designed to be multi-purpose, multiuser and multi-role in nature. The programme has adopted the philosophy of concurrent development and production to reduce the time¬cycle from development to induction.

161.   What was the technological objective of the programme of guided missile as depicted in the passage?
        (1) The programme should yield modern gadgets at the time of its induction.
        (2) The programme should yield gadgets with variety of purpose and facility" to use by various users.
        (3) The programme should be such that it should reduce the time for manufacture.
        A.(1) only   B. (1) and (2) only
        C. (1) and (3) only   D. All the three
        E. None of these

162.   Which of the following is most OPPOSITE of the word CONTEMPORARY as used in the passage?
        A. regular   B. permanent
        C. haphazard   D. prominent
        E. old

163.   It can be inferred from the passage that the author is most likely to be alan : ....
        A.Newspaper Reporter
        B.Scientist
        C.Sociologist
        D.Environmentalist
        E.Civil Defence Strategist

164. What was the strategy adopted to cut short the time?
   A. Starting induction before development
        B.   Starting development just prior to induction
        C.   Synchronizing production and develop-ment together
        D. Starting induction together with develop¬ment
        E.   None fo these

165.   Which of the following is most OPPOSITE of the word CONCURRENT as used in the passage?
        A. flexible   B. sequential
        C. modest   D. optimum
        E. limited

statements and decide which of the following answer choices correctly depicts the relationship between these two statements.
Mark answer: (A) if statement (1) is the cause and statement (2) is its effect.
Mark answer :(B) if statement (2) is the cause and statement (1) is its effect.
Mark answer:(C) if both -the statements (1) and (2) are independent causes.
Mark answer :(D) if both the statements (1) and (2) are effects of independent causes.
Mark answer :(E) if both the statements (1) and (2) are effects of some common cause.

176. (1) Worldwide recession has created uncertainity in the job market.
   (2) Many people are opting for change from private sector to public sector.

177. (1) A large number of employees could not report to the duty on time.
   (2) Police had laid down barricades on the road to trap the miscreants.

178. (1) There was a huge crowd of buyers at various shopping outlets in the city.
   (2) Prices of most of the commodities have gone up substantially in the recent past.

179. (1), There has been a constant rise in the number of immigrants to the metropolis for last many years.
   (2) The infrastructure of the metropolis is struggling to take care of its increasing population.

180. (1) The earnings of all the Government employees have gone u
   (2) Salaries of employees in the private companies are being revised from time to time.

Directions (Qs. 181 to 190): In the following passage; there are blanks, each of which has been numbered. These numbers are printed below the passage and against each, five words are suggested, one of which fits the blank appropriately. Find out the appropriate word in each case.
The gross value added to GDP by insurance services increased at the rate of 7.5 per cent during 1980¬81 and 1993:94, but only 22 per cent of all insurable persons are covered by life insurance. The number of persons covered will increase significantly due to population increase, economic growth and the rise in (181) of risks due to rapid urbanization. (182) less than 1 per cent of the population has any dealings with non-life insurance business, but the demand on these services is (183) to increase as manufacturing, .trade and other activities grow. Additionally more and more people will go in for personalaccid~nt insurance, medical coverage and other such forms of protection. The business in non-life insurance even currently is increasing at the rate of 20 per cent per annum and is expected to (184) to 30 per cent in the next decade. (185) voluminous growth in the banking and insurance sectors, processing and transactions have been carried out by large'ly manual means. A national network of banking and the insurance business has to (186). This lack has (187) affected efficiency and is a major cause of the (188) rates charged for financial services. The introduction of I.T. for various operations at the earliest has become a necessity. This means use of computers for near total electronic data management and the use of telecommunications and multimedia data, (189) a total systems approach. Some modern technologies like Automated Teller Machines (ATM); automatic cheque clearing systems, telephonic banking, credit cards and electronic fund transfers have been already introduced and will be (190) in most of the banks in the coming years.

181.   A. magnitude   B. fotm
       C. danger   D. perception
       E.nature

182.   A Blissfully .   B. Eventually
