

Vedanta

Vedanta Resources plc is a LSE listed FTSE 100

Company operating across the following core business sectors: Zinc, Copper, Aluminium, Iron Ore, Lead, Silver, Power and Oil & Gas, with operations located in geographies spanning India, Australia, UAE, Zambia, South Africa, Namibia, Liberia and Ireland. Over the past 5 years the group has displayed exemplary appetite for organic and inorganic growth – with an industry leading organic growth program of USD 20 billion nearing completion.

Hindustan Zinc Limited (HZL), an operating company of Vedanta in Zinc, Lead and Silver business, is India's only and the World's Largest Integrated Producer of Zinc. With over one million tonne of metal production capacity, HZL also governs about 85% share in the growing Indian zinc market. The company produces 474 MW of captive thermal power and about 275 MW of wind power, as part of its green initiative.

Hindustan Zinc has been ranked amongst the Top 25 Best Employers in Asia and #2 Best Employer in India by Hewitt Associates and is an equal opportunity employer.
