## CHOICE BASED CREDIT SYSTEM (CBCS)

### (Outline of Regulations)

#### Choice Based Credit System (CBCS)

The University Departments adopted the credit based semester system (CBSS) in 1997-98 and moved Choice Based Credit System (CBCS) from 2001-2002 onwards.

Choice-Based Credit System is a flexible system of learning. '*Credit*' defines the quantum of contents/syllabus prescribed for a course and determines the number of hours of instruction required. The distinguishing features of CBCS are the following: It permits students to

- \* learn at their own pace
- \* choose electives from a wide range of elective courses offered by the University departments
- \* undergo additional courses and acquire more than the required number of credits
- \* adopt an inter-disciplinary approach in learning
- \* make best use of the expertise of available faculty

#### Courses

A programme consists of a number of courses. A 'Course' is a component (a paper) of a programme. Every course offered by any University department is identified by a unique course code. A course may be designed to involve lectures / tutorials / laboratory work / seminar / project work / practical training / report writing / Viva voce, etc or a combination of these, to meet effectively the teaching and learning needs and the credits are assigned suitably.

#### Semesters

An academic year consists of two semesters.

Odd Semester (I and III Semesters): July to November

Even Semester (II and IV Semesters): December to April

A semester normally extends over a period of 15 weeks. Each week has 30 working hours spread over a 5 day week.

Credit requirements for M.Phil., P.G., P.G.Diploma, Diploma and Certificate course: -

1. M.Phil.	....	36 Credits
2. P.G. Course (2 years)	...	91 Credits
3. P.G. Course (3 years)	...	135 Credits
4. P.G. Diploma	...	36 Credits
5. Diploma	...	18 Credits
6. Certificate	...	9 Credits

Details of the courses offered and the CBCS regulations are given in the "CBCS Hand Book".
