INTRODUCTION

All statistical data provided come from an annual survey conducted by the Office of Research and Information Services (ORIS). Individual faculty information is provided by each faculty of medicine as of July, 2012 and therefore is subject to change.

When comparing data from year to year there are certain considerations to keep in mind. There have been increases to the number of available places for the study of medicine at many faculties of medicine. Also, admission requirements and selection policies of individual faculties of medicine may vary from year to year.

General Information

There are seventeen faculties of medicine in Canada that offer programs of study leading to the award of the MD degree which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence going from east to west which implies no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources as well as Canada's future physician workforce requirement. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

Provided academic prerequisites have been met, the type of undergraduate degree earned or program followed should not deter filing an application. Also, whether or not the previous institution attended has a faculty of medicine does not affect the chance of admission.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.
- Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

Ontario Medical School Application Service (OMSAS)
Service ontarien de demande d'admission en médecine

The six Ontario faculties of medicine use OMSAS which is a centralized application processing service, thus applicants submit only one set of application materials and academic documents regardless of the number of faculties to which they are applying. Each faculty of medicine independently makes the selection decision.

The OMSAS web-site provides an on-line application service mid-July, 2012 as well as additional information related to each faculty's admission requirements. The web-site is a comprehensive one where applicants can obtain information on the application process and can view details concerning their application. The OMSAS levy is composed of a base fee and an additional fee for each Ontario faculty of medicine to which application is made.

The application service fee is \$210 plus an institutional fee for each faculty applied to. The institutional fees will later be forwarded to the relevant faculties.

<u>Institutional Fees</u>	<u>In Canadian Funds</u>
Ottawa	\$ 75
Queen's	\$ 75
Toronto	\$ 85
McMaster	\$105
Western	\$ 85
Northern Ontario	\$ 75

Deadlines:

September 15, 2012	Last day to register for/create an account for the on-line application
October 1, 2012	Last day for receipt of applications, all transcripts/academic documents and all confidential assessment forms
October 5, 2012	Last day for receipt of all cheques, money orders and electronic payments
October 11, 2012	Last day for release of MCAT scores
May 14, 2013	First date for offers of admission
June 28, 2013	Last day for receipt of final transcripts

Medical College Admission Test (MCAT)

The MCAT is a standardized, multiple-choice examination designed to assess problem solving, critical thinking and writing skills in addition to the examinee's knowledge of science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine.

The test consists of four test sections: the Verbal Reasoning, Physical Sciences and Biological Sciences sections contain multiple-choice questions and the scores range from a low of 1 to a high of 15 for each section; the Writing Sample section consists of two essays and the total score ranges from a low of J to a high of T.

The computer-based test is given at established test centres in Canada, the United States and overseas. Visit the web-site for dates and locations. The overall length of the test day is approximately four and one-half hours. The regular examination fee was \$240 in US funds for the 2012 test dates.

Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Rejected candidates should try to reach an objective assessment of why they did not receive an offer. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the sheer rationing of places that is necessary when the number of qualified candidates greatly exceeds the number of available places. Well qualified candidates have grounds for re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared well. The academically weaker candidates tend not to re-apply for admission to the same extent as do those who have a sound academic background.

Applying to Study Medicine Outside Canada

If for any reason an applicant decides to seek admission to a medical faculty outside Canada, some important factors must be borne in mind. The most important of these is that returning to practise medicine in Canada may prove difficult. This is not meant to deter individuals from seeking education in foreign universities — some Canadian citizens have always gone abroad to study in recognized, reputable universities. Limitations on recognition of foreign earned MDs apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends a foreign medical faculty will be able to train or practise medicine in Canada in the future.

Foreign Applicants

Not all faculties of medicine accept applications from foreign students. Conversely, some faculties of medicine have contracts with foreign governments or institutions to accept applications for “supernumerary” positions. It is understood that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the foreign educational institutions or governments that have negotiated such contracts.

Foreign students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the foreign applicant.

Faculty of Medicine, MEMORIAL UNIVERSITY

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal not required

2012/13 New Admissions into Year One: 64

2012/13 First-Year Tuition: \$6,250 for Canadian residents; \$30,000 for visa students; other compulsory fees were \$1,174

Selection Factors: The number of year one positions available for 2012/13 was 64 which includes 2 positions available to Aboriginal students who are residents of Newfoundland and Labrador. The 64 positions included 46 residents of Newfoundland and Labrador, 10 residents of New Brunswick, 4 residents of Prince Edward Island and 1 resident of the Yukon Territory. The number of year one positions available for 2013/14 will be 80.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: A Bachelor's degree is required at time of admission. In exceptional circumstances an application may be considered when a Bachelor's degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2012/13 was 3.80 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the five year period prior to application.

Six credit hours in English are required.

Deferred Admissions: Considered

Transfers: Not usually considered but may be in rare circumstances from a Canadian medical faculty

Combined Programs: MD/PhD

Interviews: These take place in November and December, 2012. For the September, 2012 entering class there were 114 Newfoundland/Labrador residents interviewed, 107 other residents of Canada interviewed for a total of 221 applicants interviewed.

Offers of Admission: Offers are mailed in March, April and May, 2013. A \$200 acceptance deposit is required and will be credited towards the tuition fee. The deposit will be forfeited if the applicant subsequently declines the offer.

Application Details: An Online Admissions Application Service provided by the Canadian Resident Matching Service (CaRMS) is available in July, 2012. The deadline for receipt of the application supporting documents and an application processing fee of \$75 as well as an application service fee of \$150 (plus applicable taxes) is September 17, 2012.

Faculty of Medicine, DALHOUSIE UNIVERSITY

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal not required

2012/13 New Admissions into Year One: 113

2012/13 First-Year Tuition: \$16,113 for Canadian residents; \$24,075 for visa students; other compulsory fees were \$1,027

Selection Factors: The number of year one positions available for 2013/14 is 108 (99 for Maritime residents (Nova Scotia, New Brunswick and Prince Edward Island) and 9 for non-Maritime residents); 69 seats in the Maritime pool will be assigned to the Halifax campus and 30 seats to the St. John campus; all permanent residents of New Brunswick will attend the St. John campus and the government of New Brunswick is responsible for defining residency status. One additional position is available for a dental student who after completing the MD program plans to specialize in oral maxiofacial surgery. In 2012/13 there were 102 positions filled by residents of the Maritime provinces.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: Three to four years full-time university/college is required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2011/12 was 3.8.

The MCAT is required and the test must have been taken within the last five years.

There are no prerequisite courses.

Special Consideration: Applies on an individual basis to applicants with extenuating circumstances when the need arises.

Deferred Admissions: Considered (only for extenuating circumstances)

Transfers: Not considered

Combined Programs: Not available

Interviews: Interviews are held on November 24-25, 2012 as advertised in the early summer on the Admissions Webpage. For the September, 2012 entering class there were 293 Maritime residents interviewed and 59 non-Maritime residents interviewed for a total of 352 applicants interviewed. Currently all Maritime residents who meet the minimum academic requirements will be offered an interview.

Offers of Admission: All decision letters to interviewed applicants will be tentatively released in March, 2013 as noted and updated on the Admissions Webpage. A \$500 non-refundable acceptance deposit is required. This deposit is applied to tuition upon enrolment.

Application Details: An electronic application process is available on July 1, 2012. The deadline for receipt of the application and fee of \$70 is August 15, 2012. Transcripts and supplemental information are due on September 7, 2012.

Faculté de médecine, UNIVERSITÉ LAVAL

Durée du programme : 4 ans

Langue du programme : Français

Épreuve de compétence en français : Oui

Ordinateur : PC non requis

Nombre de nouvelles admissions en première année pour 2012/13 : 230

Ce nombre pourrait augmenter en raison d'abandons lors d'années précédentes.

Frais de scolarité de première année pour 2012/13 : 3 396\$ pour résidents du Québec; 9 178\$ pour les résidents d'une autre province canadienne/d'un autre territoire canadien; 25 473\$ pour l'étranger; autres frais obligatoires 775\$

Facteurs de sélection : En 2012/13, le nombre de postes disponibles était de 230, incluant 8 postes à pouvoir parmi les candidats au programme MD/PhD et 8 postes à pouvoir parmi les candidats provenant du marché du travail; 222 postes étaient occupés par des résidents du Québec; plus jusqu'à 4 postes additionnels sont disponibles aux candidats résidents québécois et membres des Premières Nations et du peuple inuit (le contingent maximal pouvant être réparti entre les facultés de médecine au Québec) et jusqu'à 2 postes additionnels offerts par le biais des Forces canadiennes (le contingent maximal pouvant être réparti entre les facultés de médecine francophones au Québec).

Les citoyens canadiens/résidents permanents ou les étudiants détenant un visa peuvent présenter leur candidature.

Critères d'études : Deux années d'études post-secondaires à temps plein sont requises.

Le "MCAT" n'est pas requis.

La cote de rendement en 2012/13 était de 33,311 pour les collégiens et de 31,331 pour les universitaires.

Les cours pré-requis de niveau collégial ou l'équivalent : 2 cours en biologie, 3 cours en chimie, 2 cours en mathématiques et 3 cours en physique.

Considération particulière : S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont résidents permanents du Québec; aux candidats du contingent Collège d'enseignement général et professionnel (CÉGEP); aux candidats du contingent autochtone; aux candidats du contingent militaire; aux candidats au programme MD/PhD; et aux candidats provenant du marché du travail.

Admissions reportées : Non envisagées

Transferts : Non envisagés

Programmes combinés : MD/MSc, MD/PhD

Entrevues : Les entrevues auront lieu en avril 2013. Pour la classe d'entrée de septembre 2012, on a interviewé 991 résidents du Québec, 25 résidents d'ailleurs au Canada et 1 résident de l'extérieur du pays, portant à 977 le nombre de demandeurs interviewés.

Offres d'admission : Les offres seront envoyées par courriel en mai 2013 et aucun dépôt en argent n'est exigé en lien avec l'acceptation de l'offre.

Détails des demandes : Les demandes électroniques et papier sont disponibles le 1^{er} octobre 2012. La date limite pour la réception des demandes est le 1^{er} février 2013 pour les universitaires et le 1^{er} mars 2013 pour tous les autres. Les frais d'ouverture de dossier sont de 64\$.

TAUX DE SUCCÈS (%) PAR LIEU DE RÉSIDENCE ¹	%	%	%	%	%
Québec	21.1	21.4	22.8	21.3	19.9
Autre province/territoire canadien	9.8	10.0	4.5	16.4	9.1
Étranger	0.0	12.8	1.2	2.3	0.0
Toutes les demandes à Laval	20.0	20.6	21.1	20.4	19.4

Taux de succès : Pourcentage de candidats ayant reçu au moins une offre d'admission, que l'inscription aie été immédiate, refusée ou reportée.

¹ La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

Faculté de médecine et des sciences de la santé, UNIVERSITÉ DE SHERBROOKE

Durée du programme : 4 ans

Langue du programme : Français

Épreuve de compétence en français : Oui

Ordinateur : PC non requis

Nombre de nouvelles admissions en première année pour 2012/13 : 208

Ce nombre pourrait augmenter en raison d'abandons lors d'années précédentes.

Frais de scolarité de première année pour 2012/13 : 3 325\$ pour résidents du Québec et du Nouveau-Brunswick; 8 982\$ pour les résidents d'une autre province/d'un autre territoire canadien; 25 760\$ pour l'étranger; autres frais obligatoires 1 114\$

Facteurs de sélection : En 2012/13, le nombre de postes disponibles en première année tournera autour de 208. Ce nombre pourrait toutefois varier en fonction des décrets gouvernementaux ainsi que des attritions à remplacer. Ces 208 places, approximativement réparties comme suit : 165 pour des candidats du contingent régulier du Québec, 30 pour les candidats de l'Atlantique, 4 pour les candidats de l'Ouest canadien, 1 pour les candidats étrangers détenant un visa d'études, 3 pour les membres des Premières Nations et Inuits du Québec, 1 pour les membres des Forces canadiennes.

Les 208 positions sont distribués sur trois sites approximativement comme suit : 147 au site Sherbrooke, 35 au site Saguenay, et 26 au site Moncton. Fin avril, les candidats du contingent régulier du Québec doivent compléter un formulaire de choix de site exprimant leur préférence entre les sites Saguenay et Sherbrooke. L'attribution de ces personnes à l'un ou l'autre de ces deux sites dépend notamment du nombre de places disponibles à chaque site au moment de l'offre, de la préférence exprimée par le candidat via le formulaire de choix de site et l'ordre des candidats dans la liste d'excellence. Le site Saguenay est exclusivement réservé à des candidats québécois. Le site Moncton est exclusivement réservé à des candidats du Nouveau-Brunswick.

Les citoyens canadiens et résidents permanents du Canada, de même que les candidats étrangers détenant un visa d'études, peuvent présenter leur candidature.

Critères d'études : Détenir, ou obtenir avant la rentrée scolaire, un diplôme jugé équivalent au Diplôme d'études collégiales, décerné par le Ministère de l'éducation, du loisir et du sport du Québec; sinon, avoir réussi au moins 75 crédits universitaires à date limite du dépôt de la demande d'admission.

La première étape du processus de sélection est basée sur les résultats scolaires antérieurs. Toutefois, ces résultats ne sont pas résumés sous la forme d'un « GPA », mais plutôt d'une « cote académique ». Notre page internet (<http://www.usherbrooke.ca/doctorat-medecine/admission/questions-en-rafale/qu-est-ce-que-la-cote-academique/>) donne plus de détails sur cette cote, alors qu'une autre de nos pages internet (<http://www.usherbrooke.ca/doctorat-medecine/admission/questions-en-rafale/donnees-saillantes/>) détaille la cote académique des derniers invités lors de l'année passée.

Le "MCAT" n'est pas considéré.

Les cours préalables (de niveau postsecondaire) à avoir réussi sont : Mathématiques 103 et 203; Physique 101, 201 et 301; Chimie 101, 201 et 202; Biologie 301 et 401 ou Biologie 911 et 921. Des cours jugés équivalents par notre faculté sont acceptés.

Admissions reportées : Non autorisées

Transferts : Non autorisés

Programmes combinés : MD/MSc, MD/PhD

Entrevues : Les candidats sélectionnés sur la base de leurs résultats scolaires antérieurs sont invités à d'autres tests de sélection, qui varient selon les contingents considérés : Mini entrevues multiples (MEM) et Test d'aptitude à l'apprentissage de la médecine à l'Université de Sherbrooke (TAAMUS) pour les contingents du Québec, de l'Atlantique et de l'Ouest canadien, ainsi que pour les membres des Forces canadiennes; entrevue pour les candidats étrangers détenant un visa d'études ainsi que pour les membres des Premières Nations et Inuits du Québec. MEM et TAAMUS ont lieu en avril, 2012, les autres entrevues en mai et juin, 2012. Lors du processus d'admission 2012, 775 candidats québécois et 68 candidats de l'Atlantique ont été invités à passer les MEM et TAAMUS. Le TAAMUS est un test papier-crayon d'une durée d'une heure.

Offres d'admission : En 2012, les premières offres d'admission ont été acheminées à compter du 18 mai et auront éventuellement cours jusqu'au 31 août. Des frais d'inscription de 300\$ doivent obligatoirement être acquittés pour accepter une offre et réserver sa place.

Détails des demandes : Les demandes d'admission, de formats électronique ou papier, sont disponibles pendant toute l'année. La date limite pour la réception des demandes est le 15 janvier 2013 pour tous les candidats, sauf pour les candidats québécois de catégorie collégiale n'ayant aucun crédit universitaire (ces personnes ont jusqu'au 1^{er} mars, 2013). Les frais d'ouverture de dossier sont de 70\$.

Ce nombre pourrait augmenter en raison d'abandons lors d'années précédentes

Frais de scolarité de première année pour 2012/13 : 3 252\$ pour résidents du Québec; 8 787\$ pour les résidents d'une autre province/d'un autre territoire canadien; 24 389\$ pour l'étranger; autres frais obligatoires 1 274\$

Facteurs de sélection : En 2012/13, le nombre de postes disponibles était de 299 dont 295 postes occupés par des résidents du Québec, 3 postes selon l'entente avec la province du Nouveau-Brunswick et 1 poste pour les candidats détenteurs d'un visa étudiant; plus jusqu'à 4 postes additionnels sont disponibles aux candidats résidents québécois et membres des Premières Nations et du peuple inuit (le contingent maximal pouvant être réparti entre les facultés de médecine au Québec) et jusqu'à 2 postes additionnels offerts par le biais des Forces canadiennes (le contingent maximal pouvant être réparti entre les facultés de médecine francophones au Québec).

Les 299 positions sont allouées à deux campus : à l'Université de Montréal - 176 en année préparatoire et 82 au programme de MD; au Centre d'études médicales en Mauricie (à Trois-Rivières) - 40 en année préparatoire et 1 au programme de MD. Dans la mesure où il y a des places disponibles, le candidat peut choisir entre le campus à Montréal ou le campus en Mauricie.

Tous les candidats font une demande d'admission à l'année préparatoire au programme de MD. Selon le profil académique du candidat, le Comité d'admission décidera si une candidature sera considérée pour l'année préparatoire ou pour la première année de médecine.

Selon le nombre de postes, environ les trois quarts candidats retenus sont admis en année préparatoire et l'autre quart s'ajoute au contingent de l'année préparatoire de l'année précédente pour former la première année.

Les citoyens canadiens/résidents permanents ou les étudiants détenant un visa peuvent présenter leur candidature.

Les candidats ayant un Baccalauréat sont considérés dans une catégorie particulière. Environ 45% des étudiants admis sont dans cette catégorie. Les candidats ayant un PhD sont également dans une catégorie particulière de même que les candidats étrangers.

Critères d'études : Année préparatoire : Soit deux années à plein temps de Collège d'enseignement général et professionnel (CÉGEP) en sciences, lettres et arts ou en sciences de la nature et avoir atteint les objectifs 00XU (biologie) et 00XV (chimie). Soit tout autre diplôme d'études collégiales et avoir réussi, avant l'entrée dans le programme, les cours préalables suivant : Biologie 301 et 401 ou deux cours de biologie humaine; Chimie 101, 201 et 202; Mathématiques 103 et 203; Physique 101, 201 et 301. Soit être titulaire d'un diplôme d'études post-secondaires équivalent à un DEC ou à un baccalauréat obtenus au Québec et avoir réussi les cours préalables ci-dessus mentionnés ou des cours équivalents dans chacune des quatre matières. L'année préparatoire est requise pour les collégiens, les étudiants étrangers et les universitaires ayant complété un premier grade universitaire mais dont le programme d'études n'est pas jugé globalement équivalent à celui de l'année préparatoire.

Quatre ans : Un Baccalauréat obtenus au Québec dans un programme d'études jugé équivalent à l'année préparatoire ou tout autre diplôme équivalent est exigé au moment de l'admission pour les candidats de la catégorie universitaire.

Une cote de rendement est calculée pour tous les candidats. Selon les critères présentement en vigueur, une première sélection est faite, par catégorie, fondée sur l'excellence du dossier scolaire établie en tenant compte de la cote de rendement. Le dernier collégien convoqué aux entrevues avait une cote de rendement de 33.306 et le dernier universitaire avait une cote de 32.286.

Le "MCAT" n'est pas requis.

Considération particulière : S'applique aux candidats détenteurs d'un diplôme d'une faculté de médecine hors du Canada ou des États-Unis qui sont citoyens canadiens ou résidents permanents qui sont résidents du Québec.

Admissions reportées : Non envisagées

Transferts : Non envisagés

Programmes combinés : MD/MSc, MD/PhD

Entrevues : Les entrevues de type MEM (Mini entrevues multiples) auront lieu un samedi et un dimanche d'avril 2013. Les candidats devront se présenter en personne à la date et au lieu où ils auront été convoqués sans possibilité de changement. Pour la classe d'entrée de septembre 2012, on a interviewé 972 résidents du Québec et 6 résidents d'ailleurs au Canada et 5 résident de l'extérieur du pays portant à 983 le nombre de demandeurs interviewés. Les frais d'entrevues sont présentement de 100\$ mais pourrait être haussés dans les mois qui viennent.

Offres d'admission : Les offres seront mises à la poste vers le 15 mai 2013 pour l'ensemble des candidats. Il y aura un dépôt d'acception obligatoire de 200\$ non remboursable et déductible des droits de scolarité.

Détails des demandes : La version papier est disponible en tout tempset la version électronique est disponible le 9 novembre 2012. La date limite pour la réception des demandes est le 15 janvier 2013 pour les universitaires et le 1^{er} mars 2013 pour les collégiens. Les frais d'ouverture de dossier sont de 85\$ par voie électronique et 115\$ sur support paper.

¹ La province de Québec impose des restrictions à la fois sur le nombre de postes réservés à d'autres résidents au Canada et aux résidents de l'étranger. La distribution se fait entre les quatre facultés de médecine au cours de chaque cycle d'admissions.

Faculty of Medicine, MCGILL UNIVERSITY - MED-P Program

Length of Program: 1 preparatory year followed
by 4 years MD, CM

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal required

2012/13 New Admissions into MED-P: 85

2012/13 MED-P Tuition: The preparatory year program fees (\$2,422 tuition, \$1,613 other compulsory fees) are those of the Faculty of Science in which the student is registered for this year. The student will be admitted to the MD-CM program in the faculty of medicine.

Selection Factors: The anticipated number of positions available for 2013/14 is 85.

Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec *Collège d'enseignement général et professionnel (CÉGEP)* science program may apply.

Academic Criteria: A *CÉGEP Diplôme d'études collégiales* is required at time of admission.

The suggested *cote de rendement collégial* is 34.0 and the average of applicants invited for interview in 2012/13 was 34.74.

The MCAT is not required.

Prerequisite courses from the *CÉGEP* program in Health Sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Interviews: These are of the Multiple Mini-Interview (MMI) format and take place on April 15-16, 2013. For the 2012/13 year, 199 applicants were interviewed. Interviews can be in English or French based on the applicant's choice at time of application.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in mid-May, 2013. A \$300 acceptance deposit is required, applicable towards tuition and refundable for a limited period of time.

Application Details: An electronic application process is available starting September 1, 2012 with a fee of \$140 payable upon completion. The deadline for receipt of the application, including supporting documents, is March 1, 2013.

Faculty of Medicine, MCGILL UNIVERSITY - MD-CM Program

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal required

2012/13 New Admissions into Year One: 186

At time of admission, first year quota positions may increase due to attrition.

2012/13 First-Year Tuition: \$5,651 for residents of Québec; \$14,262 for other Canadian residents; \$38,531 for visa students; other compulsory fees were \$2,850; international students are subject to additional health insurance fees (\$913)

Selection Factors: The anticipated number of first-year positions available in 2012/13 is 184 of which up to 5 positions are available for visa students, up to 10 positions are available for Canadian citizens/permanent residents residing outside Québec but in Canada and up to 3 positions available for residents of Québec from the non-traditional pathway with the remaining positions for residents of Québec distributed among university-level applicants and students who have successfully completed the MED-P year. An additional position is available for a resident of Nunavut and an additional 4 positions (maximum quota distributed among Québec faculties) available to First Nations/Inuit applicants who are residents of Québec. In 2012/13, 169 positions were filled by residents of Québec of which 3 positions were filled by non-traditional pathway applicants.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: A four year Bachelor degree (120 credits) is required at time of admission. Applicants who are residents of Québec and who have completed a *Diplôme d'études collégiales* in a pre-university program may apply on the basis of a 90 credit program from a Québec university.

The suggested cumulative grade point average is 3.5 or higher on a 4.0 scale and the mean grade point average for successful applicants in 2012/13 was approximately 3.79.

The MCAT is required for all international students and for Canadian citizens/permanent residents who hold undergraduate degrees from non-Canadian universities and results must be available by the application deadline. Competitive applicants typically have a minimum score of 30. Test results greater than five years from the application deadline will not be considered.

Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and courses completed more than 8 years ago must be repeated. Exception may be made for applicants with advanced degrees in the material concerned.

Special Consideration: May be given to applicants with extenuating circumstances upon formal request as well as First Nations/Inuit applicants who are residents of Québec and Registered Inuit Beneficiaries who are residents of Nunavut.

Deferred Admissions: Considered for one year only, for graduate academic reasons or other personal emergencies (supporting documents should be provided)

Transfers: Not considered

Combined Programs: MD-CM/MBA, MD-CM/PhD

Interviews: These are of the Multiple Mini-Interviews (MMI) format and take place in late February 25-27, 2013 for all applicants. For the 2012/13 year, there were 215 university-level Québec residents interviewed (including 12 non-traditional pathways applicants), 53 other residents of Canada interviewed and 22 international residents interviewed for a total of 300 applicants interviewed for the MD-CM or joint programs.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in early March, 2013. A \$500 acceptance deposit is required, applicable towards tuition and refundable for a limited period of time.

Application Details: An electronic application process is available starting September 1, 2012 with a fee of \$140 payable upon completion. The deadline for receipt of the application is November 1, 2012 and all supporting documents must be received no later than November 15, 2012.

¹ The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.

Faculty of Medicine, UNIVERSITY OF OTTAWA

Length of Program: 4 years

Language of Instruction: English and French

Proficiency in English Testing: If needed

Computer: Personal required (to be purchased through the university and invoiced with tuition fees)

2012/13 New Admissions into Year One: 164

2012/13 First-Year Tuition: \$21,132 for Canadian residents; other compulsory fees were \$637

Selection Factors: The projected number of year one positions available for 2013/14 is 164 which includes up to 7 positions available to Aboriginal/native students and up to 4 positions available to students in the MD/PhD program; plus 8 positions available through the "Consortium national de formation en santé" program.

Canadian citizens/permanent residents may apply.

Academic Criteria: Three years full-time university studies leading to a Bachelor's degree at a recognized university is required.

The minimum acceptable grade point average is 3.5 on a 4.0 scale. The mean grade point average of successful applicants in 2011/12 was 3.91.

The MCAT is not required.

Prerequisite courses include the equivalent of one full year course in general biology (with laboratory) and one full year course in humanities/social sciences and the equivalent of two full year courses in the following chemistries - general chemistry (with laboratory), organic chemistry (with laboratory) and/or biochemistry (without laboratory).

Special Consideration: *Aboriginal applicants:* Required minimum weighted grade point average is set at a lower cut-off for advancement in the selection process.

Deferred Admissions: Considered under exceptional circumstances only

Transfers: Considered under special conditions

Combined Programs: MD/PhD

Interviews: These take place in February and March, 2013. Approximately 590 applicants are interviewed.

Offers of Admission: Offers are e-mailed starting on May 14, 2013 until the class is complete. A firm non-refundable deposit of \$1,000 must be received with a final acceptance and will be deducted from the tuition fee.

Application Details: See OMSAS section.

Faculté de médecine, UNIVERSITÉ D'OTTAWA

Durée du programme : 4 années

Langue du programme : Français et anglais

Épreuve de compétence en français : Au besoin

Ordinateur : Besoin d'un ordinateur personnel
(l'achat peut se faire par l'entremise de l'université
et la facturation se fait avec les frais de scolarité)

Nombre de nouvelles admissions en première année pour 2012/13 : 164

Frais de scolarité de première année pour 2012/13 : 21 132\$ pour résidents du Canada; autre frais obligatoires 637\$

Facteurs de sélection : Les prévisions du nombre de postes de première année disponibles pour 2013/14 sont de 164, incluant jusqu'à 7 postes réservés aux étudiants autochtones et jusqu'à 4 postes réservés aux étudiants du programme MD/PhD; plus 8 postes par le biais du programme du Consortium national de formation en santé.

Les citoyens canadiens/résidents permanents peuvent présenter leur candidature.

Critères d'études : Trois années d'études à temps complet d'un programme de premier cycle menant au Baccalauréat dans une université reconnue sont requises.

La moyenne pondérée cumulative minimum acceptable est de 3.5 sur une cote de rendement de 4.0. La moyenne pondérée cumulative des candidats admis en 2011/12 était 3.91.

Le "MCAT" n'est pas requis.

Les cours pré-requis incluent l'équivalent d'une année complète de cours en biologie générale (avec travaux pratiques) et une année complète dans les humanités ou sciences sociales et l'équivalent de deux années complètes de cours en chimie parmi les cours suivants - chimie générale (avec travaux pratiques), chimie organique (avec travaux pratiques) et/ou biochimie (sans travaux pratiques).

Considération particulière : *Candidats autochtones* : Les dossiers des candidats autochtones avancent dans le cheminement du processus de sélection avec une moyenne pondérée minimale moins élevée pour l'excellence des notes.

Admissions reportées : Envisagées sous circonstance exceptionnelle seulement

Transferts : Envisagés selon des considérations particulières

Programmes combinés : MD/PhD

Entrevues : Les entrevues auront lieu en février et mars 2013. Environ 590 candidats seront interviewés.

Offres d'admission : Les offres seront envoyées par courriel à compter du 14 mai 2013, jusqu'à ce que la classe soit complète. Un dépôt ferme et non remboursable de 1 000\$ doit être reçu pour toute acceptation finale. Ce dépôt sera déduit des frais de scolarité.

Détails des demandes : Consultez la section Service ontarien de demande d'admission en médecine.

School of Medicine, QUEEN'S UNIVERSITY

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: A laptop is required

2012/13 New Admissions into Year One: 100

2012/13 First-Year Tuition: \$21,261 for Canadian residents; other compulsory fees were \$880

Selection Factors: The number of year one positions available for 2013/14 is 100 which includes up to 4 positions available to Aboriginal students and up to 3 positions for MD/PhD students.

Canadian citizens/permanent residents may apply.

Academic Criteria: Three years full-time university/college is required.

Applicants are assessed based on the cumulative converted grade point average (see the OMSAS Conversion Scale) of all years of undergraduate study, including summer and supplemental courses. For applicants who do not meet the minimum requirement, the most recent two full-time years of completed undergraduate study will be considered. Grade point averages fluctuate annually based on the applicant pool. Past minimum grade point average levels are not a predictor of future levels.

The MCAT is required and the test must have been taken within five years of the application submission.

There are no prerequisite courses.

Special Consideration: Applies to Aboriginal applicants

Deferred Admissions: Considered

Transfers: Not considered

Combined Programs: May be considered on an individual basis

Interviews: These take place on March 2, 3, 23 and 24, 2013.

Offers of Admission: Offers are mailed on May 14, 2013. A non-refundable acceptance deposit of \$1,050 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

To Request an Application (which includes more information):

Faculty of Medicine, UNIVERSITY OF TORONTO

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal not required

2012/13 New Admissions into Year One: 259

2012/13 First-Year Tuition: \$19,546 for Canadian residents; \$56,284 for visa students; other compulsory fees were \$1,544

Selection Factors: The number of year one positions available for 2013/14 is 259 which includes up to 7 positions available for foreign students and up to 10 positions available to applicants to the MD/PhD program.

The 259 positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga).

Students will be assigned to either the Mississauga campus or the St. George campus at the time of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after the admissions process is completed. The St. George campus includes the Fitzgerald, Peters-Boyd and Wightman-Berris Academies. All campus and academy assignments will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the faculty of medicine's affiliates. During the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one academy over the other, or that they have no preference. Although we cannot guarantee placement at one's first choice of campus or academy, our process is designed to maximise student satisfaction.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: A minimum of three years full-time university study is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2012/13 was 3.90.

The MCAT is required and the test must have been written within five years of the application deadline. Only the most recent score is considered. The minimum acceptable scores are 9/9/9 and N.

Prerequisite courses include two full courses in life sciences and one full course in social science or humanities or a second language.

Special Consideration: Applicants from a graduate program are assessed in a separate process. They must submit additional information showing research productivity as well as additional reference letters. Graduate applicants may be considered with a lower than minimum required grade point average. Graduate applicants will only be considered if they have already completed or are in the final stages of completing their graduate program. Completion of all program requirements, including successful defense of a thesis if required, must occur prior to June 30th in the year of proposed entry.

Indigenous Student Application Program: Recognizing the commitment to social responsibility in the faculty's mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Applicants to this program must meet the same requirements for MCAT, grade point average and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process with the following modifications to written material submissions and interview: 1) self-declared Aboriginal status via OMSAS, 2) personal essay describing history of community experiences, and 3) members of the Indigenous community (faculty, students and public members) may take part in admission interviews.

Deferred Admissions: Considered (not routinely)

Transfers: Not considered

Combined Programs: MD/PhD

Interviews: These take place on 3 weekends between February-April, 2013. For the September, 2012 entering class there were 577 applicants interviewed.

Offers of Admission: Offers are mailed on May 14, 2013. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

Application Details: See OMSAS section.

Michael G. DeGroote School of Medicine, MCMASTER UNIVERSITY**Length of Program:** 3 years**Language of Instruction:** English**Proficiency in English Testing:** Yes**Computer:** Required**2012/13 New Admissions into Year One:** 203**2012/13 First-Year Tuition:** \$23,847 for Canadian residents; \$95 000 for visa students; other compulsory fees were \$857**Selection Factors:** The number of year one positions available for 2012/13 was 203: 147 positions were at the Hamilton campus, 28 positions were at the Waterloo Regional Campus (in Kitchener) and 28 positions were at the Niagara Regional Campus (in St. Catharines).

All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offers of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria: Three years (30 credits) of university is required.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2012/13 was 3.76.

The MCAT is required — only the Verbal Reasoning score (a minimum score of 6 is required) is used in the selection process. The test must have been taken within five years of the application deadline.

There are no prerequisite courses.

Special Consideration: Aboriginal applicants must self-identify and must meet minimum requirements. Applicants are reviewed by a separate committee.**Deferred Admissions:** Considered**Transfers:** Not considered**Combined Programs:** MD/PhD**Interviews:** These take place in March and April, 2013. For the September, 2012 entering class there were 490 Ontario residents interviewed, and 50 other residents of Canada interviewed for a total of 540 applicants interviewed.

Offers of Admission: Offers are mailed on May 14, 2013. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required**2012/13 New Admissions into Year One:** 171**2012/13 First-Year Tuition:** \$20,670 for Canadian residents; other compulsory fees were \$1,290

Selection Factors: The number of year one positions available for 2013/14 is 171; 133 in London and 38 at the Windsor campus. Students are assigned to the campus of their preference based on their rank. Once the preferred campus is filled, students are assigned in rank order to the remaining seats. In 2013/14, the 171 positions include up to 3 positions available to Indigenous applicants, up to 3 positions available to applicants to the MD/PhD program, up to 3 positions available to applicants to the MD/BESc program, and up to 1 position available to applicants to the Oral and Maxillofacial Surgery Program.

Canadian citizens/permanent residents may apply.

Academic Criteria: Four years (honours) full-time university/college is required. A Honours Bachelor's degree is required at time of admission.

The minimum acceptable grade point average in each of two years of the undergraduate degree was 3.70 on a 4.0 scale for the 2012/13 entering class.

The MCAT is required and the test must have been taken within five years prior to the application deadline. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

There are no prerequisite courses.

Special Consideration: Applies to applicants who have indicated on their application that they are from rural/regional communities in Southwestern Ontario and from Indigenous communities.

Deferred Admissions: Considered only on the basis of appeal to applicants who have progressed through the regular admission cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions Office.

Transfers: Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian faculty of medicine. Applicants considering transfer must contact the Admissions Office.

Combined Programs: MD/BESc, MD/PhD (Western University only), Oral and Maxillofacial Surgery (MD/MSc)

Interviews: These take place on March 2-3 and April 6-7, 2013. For the September, 2012 entering class there were 392 applicants interviewed.

Offers of Admission: Offers are electronically mailed on May 14, 2013. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Northern Ontario School of Medicine, LAURENTIAN UNIVERSITY / LAKEHEAD UNIVERSITY

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: Students must lease laptops from the school

2012/13 New Admissions into Year One: 64

2012/13 First-Year Tuition: \$19,278 for Canadian residents; other compulsory fees were \$1,831 at the East Campus and \$2,100 at the West Campus

Selection Factors: The number of year one positions available for 2013/14 is 64 which includes a minimum of 2 positions available to self-identified Aboriginal students.

The 64 positions are allocated to two campuses: 28 at the West Campus (Lakehead University) and 36 at the East Campus (Laurentian University). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred site.

Canadian citizens/permanent residents may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Aboriginal and Francophone applicants.

Academic Criteria: Four years full-time university/college is required. An applicant who is 25 years or older may apply with a three year degree. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2011/12 was 3.7.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

Special Consideration: Aboriginal applicants may apply through the Aboriginal Admissions Stream, however, all minimum requirements must be met.

Deferred Admissions: Not considered (except under extenuating circumstances)

Transfers: Not considered

Combined Programs: Not available

Interviews: These take place in March and April, 2013. For the September, 2012 entering class there were 389 applicants interviewed.

Offers of Admission: Offers are mailed on May 14, 2013. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

Faculty of Medicine, UNIVERSITY OF MANITOBA

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: Yes

Computer: Students would benefit from owning/having access to a personal computer or laptop

2012/13 New Admissions into Year One: 110

2012/13 First-Year Tuition: Not available at time of publication (2011/12 fees were \$7,575 for Canadian residents; other compulsory fees were \$923)

Selection Factors: The number of year one positions available for 2012/13 was 110 of which approximately ninety percent were filled by residents of Manitoba.

Aboriginal applicants who self-identify are reviewed by a separate committee. They must meet minimum eligibility requirements and submit documentation to support their declaration of Aboriginal ancestry.

All applicants will be evaluated in a variety of domains including a connection to and involvement with rural communities and advanced academic pursuits.

Applicants must be a Canadian citizen/permanent resident at the time of application.

Academic Criteria: Three years full-time university are required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 on a 4.5 scale. The mean grade point average of successful applicants in 2012/13 was 4.10 for Manitoba residents, 4.38 out-of-providence residents and 3.84 for Aboriginal applicants (based on 105 of 110 accepted applicants).

The MCAT is required and the test must have been taken no earlier than April, 2009 and no later than September, 2012. Eligible applicants must have scored a minimum of 7 each of the Verbal Reasoning (VR), Physical Sciences (PS) and Biological Sciences (BS) sub-tests with a minimum of M on the Writing Sample (WS) in a single session.

Prerequisite courses include a minimum of 6 credit hours of university level biochemistry with no less than a grade of C in each course. If biochemistry courses are taken at another university, they must be assessed for equivalency to the University of Manitoba's course content. Applicants must also complete courses in humanities/social sciences. Applicants who complete a BSc (general) or BA (general) must complete 18 credit hours in humanities/social sciences. Applicants who complete a 4 year Major or Honours program may waive up to 12 credit hours of humanities/social sciences.

Deferred Admissions: Considered

Transfers: Considered

Combined Programs: MD/BSc Med, MD/PhD

Interviews: These take place from late February to early March, 2013. For the August, 2012 entering class there were 257 Manitoba residents interviewed and 49 other residents of Canada interviewed for a total of 306 applicants interviewed.

Offers of Admission: Offers are e-mailed on May 15 and May 31, 2013. A \$500 non-refundable acceptance deposit is required.

Application Details: A combination paper and electronic application process is available in August, 2012. The early-bird application deadline is September 21, 2012 and the fee is \$95. The final application deadline is October 5, 2012 and the fee is \$125 between September 22 and October 5, 2012.

College of Medicine, UNIVERSITY OF SASKATCHEWAN

Length of Program: 4 years

Language of Instruction: English

Proficiency in English Testing: No

Computer: Personal required

2012/13 New Admissions into Year One: 100

2012/13 First-Year Tuition: \$13,890 for Canadian residents; other compulsory fees were \$747

Selection Factors: The number of year one positions available for 2013/14 is expected to be 100 which includes up to 10 positions available to Aboriginal applicants and 10 positions available to out-of province applicants.

Canadian citizens/permanent residents may apply.

Academic Criteria: Saskatchewan Residents

There are two main academic requirements that must be met in order to apply as a Saskatchewan resident: 1. MCAT or prerequisites 2. Two full year undergraduate years of study average.

The MCAT is required except for students who have completed the prerequisites within Saskatchewan as described in the next paragraph. The test must have been taken within the last five years and scores have to be available at the time of application. The minimum acceptable scores are 26N (accumulated scores in Biological Sciences, Physical Sciences and Verbal Reasoning section of 26 with no section below 8 and N in the Writing Sample). The maximum number of times an applicant may take the MCAT is five times (additional sittings will not be accepted unless approved in writing by the Admissions Office).

Prerequisite courses are mandatory for students who wish to apply under the "prerequisite" requirement whereby all courses are taken at the University of Saskatchewan or University of Regina within five years of applying with a minimum overall average of 78% and minimum individual course grade of 60%. The prerequisites are identified at www.medicine.usask.ca/admissions and include two terms in each of biochemistry, biology, chemistry (general and organic) physics, social science/humanities and English. Students attending institutions outside Saskatchewan are strongly recommended to complete equivalent prerequisites, particularly two terms of biochemistry, to ensure readiness for the basic sciences covered in the first two years of the undergraduate medical curriculum.

The minimum acceptable grade point average is 78% for residents of Saskatchewan. The mean grade point average of successful applicants in the 2011/12 Saskatchewan pool was 90.12%.

Out-of-Province Residents

Note: The College of Medicine admission requirements for out-of-province residents are tentative pending approval of the University Senate on October 20, 2012. Please check the web-site after this date for information regarding the final approval of the admission requirements for out-of-province applicants.

There are two main academic requirements that must be met in order to apply as an out-of-province resident: 1. MCAT 2. Degree requirement.

All out-of-providence applicants must complete the MCAT prior to application. Scores on Verbal Reasoning, Physical Sciences and Biological Sciences sections must total a minimum of 30 (with no section score less than 8) and a minimum Writing Sample score of N. Scores must be obtained in one sitting prior to the application deadline and current within the last five years (earliest accepted scores for 2013 are 2008). The maximum number of times an applicant may take the MCAT is five.

Application by out-of-province applicants can be made only during or after the final year of a four year program. If a four year degree is completed prior to application, course work for the degree must have been started with the 48 months prior to completion of the degree. If applicants are in the final year of a four year degree, a minimum of 90 credit units must have been completed in the 36 months prior to the end of August immediately before application. All courses completed towards the four year degree at the date of application will be used for calculation of the grade point average. The minimum grade point average required for application will be 83.0%. The four year degree must be completed by the time study of medicine starts. All remaining courses completed for the degree after the date of application must minimally average 83.0%. Graduate program grades will not be considered.

Special Consideration: Students of Aboriginal ancestry may make application through the Aboriginal Equity Access Program whereby all requirements are the same as the regular Saskatchewan pool but students compete within this category, not against the entire applicant pool.

Note: Aboriginal applicants have the option of applying under the "prerequisite only" academic requirement even if prerequisites are taken outside Saskatchewan institutions. Confirmation of equivalent courses must be made by contacting the Admissions Office prior to application.

Deferred Admissions: Considered (residents of Saskatchewan only)

Transfers: Not considered

Combined Programs: MD/MSc, MD/PhD (programs available only after successful completion of MD year one)

Interviews: The Multiple Mini Interview process is used and all interviews take place on March 16 and 17, 2013. For the September, 2012 entering class, there were 300 Saskatchewan residents and 54 other residents of Canada interviewed for a total of 354 applicants interviewed.

Offers of Admission: Offers are e-mailed and mailed on May 14, 2013. A non-refundable acceptance deposit of 10% tuition (2012 was \$1,389) is required.

Application Details: The on-line application is available on August 1, 2012. The deadline to submit the application on-line is October 31, 2012. The application fee is \$125.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

¹ Includes students who applied for positions under contract with foreign governments or educational institutions in 2007/08-2009/10 and 2011/12. In 2010/11, includes a Canadian citizen/landed immigrant who was living outside Canada at time of application.

Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA**Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal required**2012/13 New Admissions into Year One:** 288

2012/13 First-Year Tuition: \$16,082 for Canadian residents; other compulsory fees were: Vancouver Fraser Medical Program = \$877, Island Medical Program = \$230, Northern Medical Program = \$323, Southern Medical Program = \$140

Selection Factors: The number of year one positions available for 2012/13 is 288 which includes up to 14 positions available to Aboriginal applicants and up to 5 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program.

Canadian citizens/permanent residents may apply.

Academic Criteria: Three years full-time university/college is required.

The minimum acceptable grade point average is 2.8 on a 4.0 scale (visit the web-site for up-to-date information on minimum academic standing). The mean grade point average of successful applicants in 2011/12 was 3.87.

The MCAT is required and the test must have been taken within the last five years.

Prerequisite courses include English, biochemistry, biology, organic and inorganic chemistry.

Deferred Admissions: Considered

Transfers: Very seldom considered and only after completion of two years of medical studies in Canada or the United States

Combined Programs: MD/PhD

Interviews: These take place in early mid- February, 2013. For the September, 2012 entering class there were 560 British Columbia residents interviewed and 80 other residents of Canada interviewed for a total of 640 applicants interviewed.

Offers of Admission: Offers are mailed mid-May, 2013. A \$1,000 non-refundable acceptance deposit is required.

Application Details: An electronic application process is available on June 1, 2012. The deadline for receipt of the application is September 17, 2012 (interviewed applicants who are required to submit supplementary information must do so by early March, 2013). The application fees are \$109 for residents of British Columbia with BC transcripts only; \$141 for residents of British Columbia with any out-of-province transcripts; and \$193 for residents outside British Columbia.
