FROM THE CHANCELLOR'S DESK ...

Dear Aspirants,

On behalf of KLE University, Belgaum, I extend warm greetings to all of you. It gives me an immense pleasure in writing this brief note for all of you.

You are aware that world is changing fast. Though change is a universal truth, the truth is greater than ever before. With the globalization, inter country barriers have disappeared. Rules of livelihood, trade and industry are being re-written and so are the rules for education and more so for higher education.

We find ourselves today at the threshold of most exciting and challenging phase in the history of education. Creating world class professionals who possess knowledge, skills, attitude and values, is of paramount importance.

Keeping this view of empowering students and the faculty with the global ambience in academics and their overall growth, the sponsoring KLE Society thought of achieving University status. The effort started a decade ago and as another feather 'KLE University' has been accorded University status by the Ministry of Human Resource Development, Government of India on the advice of the University Grants Commission (vide their letter no. F.9-19/2000-U.3 (A) dated 13-04-2006).

The KLE University at present has eight Institutions under its ambit; J. N. Medical College, Belgaum and KLE V. K. Institute of Dental Sciences, Belgaum have been the first two constituent units of the University since its inception in 2006 and the remaining six institutions viz. Pharmacy Colleges at Bangalore, Belgaum and Hubli, College of Ayurveda, Nursing and Physiotherapy at Belgaum have come under the ambit of the University from this academic year 2009-10.

The academic excellence of the University has been acknowledged by National Assessment and Accreditation Council (NAAC) and on 28th March 2010, the University along with J. N. Medical College Belgaum and KLE V. K. Institute of Dental Sciences, Belgaum are accorded coveted 'A' grade by NAAC under new stringent CGPA system. These grades are valid for next five years and accepted by 56 countries across the world.

The University has been established to ensure greater academic freedom and career orientation in its curriculum planning and implementation. It also intends to start newer concepts such as School of Economics, School of Community Health, School of Mathematics etc. to create specialized Human Resource. Continuing excellence and quality having been our vision, we are committed in our pursuits of newer horizons. We are proactive, we shall adopt any change and excel there too. Having had the world-class vast infrastructure, learning resources, human resources, having achieved number of milestones in the past including National and International recognition, we shall not leave any stone unturned in giving your education in our institution a global edge. We shall ensure your academic, social and spiritual growth.

With my best wishes,

Dr. Prabhakar B. Kore MP

Chancellor

Take up one idea, Make that idea your life , think of it, dream of it, live on that idea. Set the brain, muscles, nerves every part of your body be full of that idea, and just leave every other ideas alone. This is the way to success, that is the way great Spiritual Grants are Produced.

KLE V.K. Institute of Dental Sciences, Belgaum

Since 1985.....

BRIEF HISTORY

Dental Science is an area that has gained tremendous recognition in recent years. The ratio of qualified Dental Surgeons is very low as compared to other Medical Faculties. This prompted the K.L.E. Society to establish a Dental College, one that would serve the populace of the states of Karnataka and adjoining Maharashtra.

The KLE V. K. Institute of Dental Sciences was thus set up in August, 1985, within the vast 113 acre campus of the Jawaharlal Nehru Medical College. The Institute got off to a flying start under the leadership of the Late Dr. S. S. Khera, its first Principal.

The Dental Council of India gave approval for the BDS course in 1989 and since then the Institute has come a long way and has gained numerous accolades.

The K.L.E. Society started Post-Graduate courses in Dentistry in the year 1990. Today it exalts in rendering Masters degree in all branches of Dentistry. All the courses are approved by Dental Council of India.

Today, the Institute boasts of an accomplished faculty and numerous departments. All the laboratories and clinics are spacious, well furnished and have every sophisticated equipment and gadget – both indigenous and imported to facilitate an excellent environment that is conducive for learning.

In keeping with a fine tradition that fosters professional education, the Institute has distinguished and experienced faculty. Under the leadership of Dr.(Mrs.) Alka D. Kale, who is also the Dean, Faculty of Dentistry of KLE University, the college is rising to newer heights. Each member of the faculty has extensive academic experience ensuring that the education imparted is of the highest professional standard. Additional space to Clinical departments and teaching areas and a New Library have been added. The entire gamut of Dental Science is covered from basic degree course to post-graduate courses, as per the curriculum approved by DCI.
