University Logo

//न्यायस्तत्र प्रमाणं स्यात्//

*T*he logo of National Law University, Delhi is composed of 3 elements: **n(N)**, **L(L)** and **U(U)** which are interlinked by the second element (L or Law). In its totality it represents the harmonious confluence of disparate elements (disciplines) and levels : a rule that Law and its executive, the judicial system, also performs. Individually, the "N" and "U" are downward-and upward-facing respectively, symbolising polar (and complementary) outlooks through which Law threads its way. The extension of 'L' or Law to the last level (or layer) attempts to encapsulate the concerns of social justice. The emphasis is on the role of Law (represented by the 'L') in promoting social justice, particularly targeting those below baseline standards. Its columnar arrangement suggests an upholding of justice, equality, fraternity and human rights in all their facets in a secular democracy.

Vice-Chancellor's Message

*I*nstitutions are not market places; neither education is a commodity traded on demand and supply. Institutions are knowledge spaces and education is a value in itself to distinguish between fair and unfair, just and unjust. It has to inculcate values like sacrifice, sensitivity to sufferings, courage to fight for justice and fairness, to stand up for the dispossessed and marginalized, the determination to stand against the odds for the sake of justice.

-Prof (Dr.) Ranbir Singh

Vision

Vision

Globalization is a challenge and also an opportunity in the present times. We require the convergence of Economics, Technology and Law. India had a long history of business and technology. The potential has been unleashed through the process of liberalization. Yet the smooth sailing requires the compass called Rule of Law. We have mixed track record on this count. India has established itself as a democracy which is a success on the macro participative process of governance. Yet, there are other crucial issues of internal dimension.

1. There is a complex task of assimilation of the fractured social classes for centuries in such participation.
2. Cumulative economic progress needs to reach the various layers to create a development index which is fair and equitable.
3. Most importantly a transparent and speedy justice administration system which reinforces the faith in Rule of Law.

Mahatma Gandhi said, 'We must become the change we want to see in the world.' Each one of us who is a part of this institution should be remembered for promotion of the social justice, which will be our contribution to the society.

Our sincere endeavour will be to make legal education as justice education, as an instrument of social, political and economic change, and to prepare Lawyers who will be competent in the art of advocacy both at the trial and the appellate level and also skilled in judicial administration. The students of the National Law University, Delhi will be shaped as agents of change as the country mandates to achieve its developmental goals for future generations. The primary mission of the University will be to create Lawyers who will be professionally competent, technically sound and socially relevant, and will not only enter the Bar and the Bench but also be equipped to address the imperatives of the new millennium and uphold the Constitution of India.

Tax Exemption Under 80G (applied for)

Each Law School / University being an institution of national eminence, donations made to it qualify for exemption of Income Tax in the hands of the donor under Section 80G of the Income Tax Act, 1961. Such donations have crucial roles to play in the process of resource mobilization of the institutions. Apart from building corpus for a multitude of academic courses by institution of Chairs and large number of academic and research Fellowships, philanthropic donations to Student Scholarship funds go a long way to help marginalized students undertake law studies. However, experience shows that donations to NLUs in any form are limited to only a handful of organizations and individuals, mainly from the legal profession. Since the study of law benefits all sections, members of other communities need to be impressed upon to come forward in large number.
