

# M.B.A. (MEDIA & ENTERTAINMENT MANAGEMENT) Hindustan Institute of Technology & Science Curriculum and Regulations 2012

Syllabus with M.B.A( M & E )

# ACADEMIC REGULATIONS (M.E. /M.Tech / M.B.A. / M.C.A.) (Full-Time / Part-Time)

# (Effective 2012)

#### 1.Vision, Mission and Objectives

**1.1** The Vision of the Institute is "To make everyone a success and no one a failure".

In order to progress towards the vision, the Institute has identified itself with a mission to provide every individual with a conducive environment suitable to achieve his / her career goals, with a strong emphasis on personality development, and to offer quality education in all spheres of engineering, technology, applied sciences and management, without compromising on the quality and code of ethics.

**1.2** Further, the institute always strives

- To train our students with the latest and the best in the rapidly changing fields of Engineering, Technology, Management, Science & Humanities.
- To develop the students with a global outlook possessing, state of the art skills, capable of taking up challenging responsibilities in the respective fields.
- To mould our students as citizens with moral, ethical and social values so as to fulfill their obligations to the nation and the society.
- To promote research in the field of science, Humanities, Engineering, Technology and allied branches.

**1.3** Our aims and objectives are focused on

- Providing world class education in engineering, technology, applied science and management.
- Keeping pace with the ever changing technological scenario to help our students to gain proper direction to emerge as competent

professionals fully aware of their commitment to the society and nation.

• To inculcate a flair for research, development and entrepreneurship.

#### 2. Admission

**2.1.** The admission policy and procedure shall be decided from time to time by the Board of Management (BOM) of the Institute, following guidelines issued by Ministry of Human Resource Development (MHRD), Government of India. The number of seats in each branch of the (M.E. / M.B.A. / M.C.A.) programme will be decided by BOM as per the directives from Ministry of Human Resource Development (MHRD), Government of India and taking into account the market demands. Some seats for Non Resident Indians and a few seats for Foreign nationals shall be made available.

**2.2.** The selected candidates will be admitted to the (M.E. / M.Tech / M.B.A. /M.C.A.) programme after he/she fulfills all the admission requirements set by the Institute and after payment of the prescribed fees.

**2.3.** Candidates for admission to the first semester of the Master's Degree Programme shall be required to have passed in an appropriate Degree Examination recognized by Hindustan University

**2.4.** In all matters relating to admission to the (M.E. / M.Tech / M.B.A. / M.C.A.) programme, the decision of the Institute and its interpretation given by the Chancellor of the Institute shall be final.

**2.5.** If at any time after admission, it is found that a candidate has not fulfilled any of the requirements stipulated by the Institute, the Institute may revoke the

admission of the candidate with information to the Academic Council.

#### **3.** Structure of the programme

**3.1.** The programme of instruction will have the following structure

i) Core courses of Engineering / Technology / Management.

ii) Elective courses for specialization in areas of student's choice.

**3.2.** The minimum durations of the programmes are as given below:

Program	No. of Semesters
M.Tech.(Full-Time)	4
M.Tech.(Part-Time)	6
M.B.A.(Full Time)	4
M.B.A. (Part Time)	6
M.C.A.(Full-Time)	6
M.C.A.(Full-Time)	8

Every (M.E./ M.Tech / M.B.A. / M.C.A.) programme will have a curriculum and syllabi for the courses approved by the Academic Council.

**3.3.** Each course is normally assigned certain number of credits. The following norms will generally be followed in assigning credits for courses.

- One credit for each lecture hour per week per semester;
- One credit for each tutorial hour per week per semester;
- One credit for each laboratory practical (drawing) of three (two) hours per week per semester.
- One credit for 4 weeks of industrial training and
- One credit for 4 hours of project per week per semester

**3.4.** For the award of degree, a student has to earn certain minimum total number of credits specified in the curriculum of the relevant branch of study. The curriculum of the different programs shall be so designed

that the minimum prescribed credits required for the award of the degree shall be within the limits specified below.

Program	Minimum
	prescribed
	credit range
M.Tech.(Full time/Part time)	85 - 90
M.B.A. (Full time / Part time)	85 - 95
M.C.A (Full time / Part time)	110 - 115

**3.5.** The medium of instruction, examination and the language of the project reports will be English.

#### 4. Faculty Advisor

**4.1.** To help the students in planning their courses of study and for getting general advice on the academic programme, the concerned Department will assign a certain number of students to a Faculty member who will be called their Faculty Advisor.

#### 5. Class Committee

**5.1** A Class Committee consisting of the following will be constituted by the Head of the Department for each class:

- (i) A Chairman, who is not teaching the class.
- (ii) All subject teachers of the class.
- (iii)Two students nominated by the department in consultation with the class. The Class Committee will meet as often as necessary, but not less than three times during a semester.

The functions of the Class Committee will include:

- (i) Addressing problems experienced by students in the classroom and the laboratories.
- (ii) Analyzing the performance of the students of the class after each test and finding ways and means of addressing problems, if any.
- (iii)During the meetings, the student members shall express the opinions and suggestions of the class students to improve the teaching / learning process.

#### 6. Grading

Range of	Letter Grade	Grade			
Marks		Points			
95-100	S	10			
85-94	А	09			
75-84	В	08			
65-74	С	07			
55-64	D	06			
50-54	Е	05			
<50	U	00			
	I (Incomplete)				
62 CPA & CCPA					

**6.1** A grading system as below will be adhered to.

#### 6.2 GPA & CGPA

GPA is the ratio of the sum of the product of the number of credits Ci of course "i " and the grade points Pi earned for that course taken over all courses "i" registered by the student to the sum of Ci for all "i". That is,

$$GPA = \sum_{i} C_{i} P_{i}$$

$$\sum_{i} C_{i}$$

CGPA will be calculated in a similar manner, at any semester, considering all the courses enrolled from first semester onwards.

**6.3.** For the students with letter grades W / I in certain subjects, the same will not be included in the computation of GPA and CGPA until after those grades are converted to the regular grades S to U.

**6.4** Raw marks will be moderated by a moderation board appointed by the Vice Chancellor of the University. The final marks will be graded using absolute grading system. The Constitution and composition of the moderation board will be dealt with separately.

#### 7. Registration and Enrollment

**7.1** Except for the first semester, registration and enrollment will be done in the beginning

of the semester as per the schedule announced by the University.

**7.2** A student will be eligible for enrollment only if he/she satisfies regulation 10 (maximum duration of the programme) and will be permitted to enroll if (i) he/she has cleared all dues in the Institute, Hostel & Library up to the end of the previous semester and (ii) he/she is not debarred from enrollment by a disciplinary action of the University.

**7.3**. Students are required to submit registration form duly filled in.

#### 8. Registration requirement

**8.1.** A full time student shall not register for less than 16 credits or more than 24 credits in any 12 given semester.

**8.2** If a student finds his/her load heavy in any semester, or for any other valid reason, he/she may withdraw from the courses within three weeks of the commencement of the semester with the

written approval of his/her Faculty Advisor and HOD. However the student should ensure that the total number of credits registered for in any semester should enable him/her to earn the minimum

number of credits per semester for the completed semesters.

# 9. Minimum requirement to continue the programme

**9.1** For those students who have not earned the minimum required credit prescribed for that particular semester examination, a warning letter to the concerned student and also a letter to his parents regarding the shortage of this credit will be sent by the HOD after the announcement of the results of the university examinations.

**10. Maximum duration of the programme** The minimum and maximum period for the completion of various programs are given below.

Program	Min.No. of Semesters	Max.No. of Semesters
M,Tech(Full- Time)	4	8
M,Tech(Part- Time)	6	10
M.B.A.(Full Time)	4	8
M.B.A. (Part Time)	6	10
M.C.A. (Full – Time)	6	12
M.C.A. (Part – Time)	8	14

#### **11. Temporary discontinuation**

**11.1.** A student may be permitted by the Dean to discontinue temporarily from the programme for a semester or a longer period for reasons of ill health or other valid reasons. Normally a student will be permitted to discontinue from the programme only for a maximum duration of two semesters.

#### **12. Discipline**

**12.1.** Every student is required to observe discipline and decorous behavior both inside and outside the campus and not to indulge in any activity which will tend to bring down the prestige of the University.

**12.2.** Any act of indiscipline of a student reported to the Dean (Academic) will be referred to a Discipline Committee so constituted. The Committee will enquire into the charges and decide on suitable punishment if the charges are substantiated. The committee will also authorize the Dean (Academic) to recommend to the Vice - Chancellor the implementation of the decision. The student concerned may appeal to the Vice Chancellor whose decision will be final. The Dean (Academic) will report the action taken at the next meeting of the Council.

**12.3.** Ragging and harassment of women are strictly prohibited in the University campus and hostels.

#### 13. Attendance

**13.1.** A student whose attendance is less than 75% is not eligible to appear for the end semester examination for that course. The details of all students who have attendance less than 75% will be announced by the teacher in the class. These details will be sent to the concerned HODs and Dean.

13.2. Those who have 75% or more attendance for the period other than their medical leave will be considered for condonation of shortage of attendance provided the overall attendance in the course including the period of illness does not fall below 65%. Application for condonation recommended by the Faculty Advisor, concerned faculty member and the HOD is to be submitted to the Dean who, depending on the merit of the case, may permit the student to appear for the end semester examination. A student will be eligible for this concession at most in two semesters during the entire degree programme. Application for medical leave, supported by medical certificate with endorsement by a Registered Medical Officer, should reach the HOD within seven days after returning from leave or, on or before the last instructional day of the semester, whichever is earlier.

**13.3.** As an incentive to those students who are involved in extra curricular activities such as representing the University in Sports Games, Cultural Festivals, and and Technical Festivals, NCC/ NSS events, a relaxation of up to 10% attendance will be given subject to the condition that these students take prior approval from the officer -in-charge. All such applications should be recommended by the concerned HOD and forwarded to Dean within seven instructional days after the programme/activity.

#### 14. Assessment Procedure (M.E./M.Tech./ M.C.A.)

**14.1.** The Academic Council will decide from time to time the system of tests and

examinations in each subject in each semester.

**14.2.** For each theory course, the assessment will be done on a continuous basis as follows:

Test/Exam	Weigh- tage	Duration of Test /Exam
First Periodical Test	10%	1 period
Second Periodical Test	10%	1 period
Third Periodical Test	15%	2 periods
Seminar/Assignments/Quiz	10%	
Attendance	5%	
End semester Examination	50%	3 Hours

# 14.2.1. ASSESSMENT PROCEDURE (M.B.A.)

Test/Exam	Weig	Duration
	htage	of Test
		/Exam
Case study /Project	10%	Throughout
presentations		the
		semester
Surprise Test/Quiz	10%	1 period
(Minimum 2/semester)		
Open Book test	10%	1 period
Mid Semester exam	15%	2 periods
Attendance and Class	5%	Throughout
participation		the
		Semester
End Semester Exam	50%	3 hours

**14.3.** For practical courses, the assessment will be done by the subject teachers as below:

- Weekly assignment/Observation note book / lab records – weightage 60%.
- (ii) End semester examination of 3 hours duration including viva – weightage 40%.

#### **15. Make up Examination/periodical Test**

**15.1.** Students who miss the end-semester examinations / periodical test for valid reasons

are eligible for make-up examination /periodical test. Those who miss the

endsemester examination / periodical test should apply to the Head of the Department concerned within five days after he / she missed examination, giving reasons for absence.

**15.2.** Permission to appear for make-up examination/periodical test will be given under exceptional circumstances such as admission to a hospital due to illness. Students should produce a medical certificate issued by a Registered Medical Practitioner certifying that he/she was admitted to hospital during the period of examination / periodical test and the same should be duly endorsed by parent/guardian and also by a medical officer of the University within 5 days.

**15.3.** The student will be allowed to make up at the most two out of three periodical tests and end – semester examination.

#### **16. Project evaluation**

**16.1.** For Project work, the assessment will be done on a continuous basis as follows:

be done on a continuous cusis us fono			
Review / Exam	Weightage		
First Review	10%		
Second Review	20%		
Third Review	20%		
End semester Exam	50%		

For end semester exam, the student will submit a Project Report in a format specified by the Dean. The first three reviews will be conducted by a Committee constituted by the Head of the Department. The end – semester exam will be conducted by a Committee constituted by the Controller of Examinations. This will include an external expert.

#### **17. Declaration of results**

**17.1** A candidate who secures not less than 50% of total marks prescribed for a course with a minimum of 50% of the marks prescribed for the end semester examination shall be declared to have

passed the course and earned the specified credits for the course.

**17.2** After the valuation of the answer scripts, the tabulated results are to be scrutinized by the Result Passing Boards of UG and PG programmes constituted by the Vice-Chancellor. The recommendations of the Result Passing Boards will be placed before the Standing Sub Committee of the Academic Council constituted by the Chancellor for scrutiny. The minutes of the Standing Sub Committee along with the results are to be placed before the Vice-Chancellor for approval. After getting the approval of the Vice-Chancellor, the results will be published by the Controller of Examination/Registrar.

**17.3** If a candidate fails to secure a pass in a course due to not satisfying the minimum requirement in the end semester examination, he/she shall register and reappear for the end semester examination during the following semester. However, the internal marks secured by the candidate will be retained for all such attempts.

**17.4** If a candidate fails to secure a pass in a course due to insufficient internal marks though meeting the minimum requirements of the end semester examination, wishes to improve on his/her internal marks, he/she will have to register for the particular course and attend the course with permission of the HOD concerned and Dean with a copy marked to the Registrar. The sessional and external marks obtained by the candidate in this case will replace the earlier result.

17.5 A candidate can apply for the revaluation of his/her end semester examination answer paper in a theory course within 2 weeks from the declaration of the results, on payment of a prescribed fee proper application through to the Registrar/Controller of Examinations through the Head of the Department. The Registrar/ Controller of Examination will arrange for the revaluation and the results will be intimated to the candidate concerned through the Head of the Department. Revaluation is not

permitted for practical courses and for project work.

#### 18. Grade Card

**18.1.** After results are declared, grade sheet will be issued to each student, which will contain the following details:

- (i) Program and branch for which the student has enrolled.
- (ii) Semester of registration.
- (iii)List of courses registered during the semester and the grade scored.
- (iv) Semester Grade Point Average (GPA)
- (v) Cumulative Grade Point Average (CGPA).

#### 19. Class / Division

Classification is based on CGPA and is as follows:

## CGPA $\geq$ 8.0: First Class with distinction 6.5 $\geq$ CGPA < 8.0: First Class

 $5.0 \geq CGPA < 6.5$ : Second Class.

#### **20. Transfer of credits**

**20.1.** Within the broad framework of these regulations, the Academic Council, based on the recommendation of the transfer of credits committee so constituted by the Chancellor may permit students to earn part of the credit requirement in other approved institutions of repute and status in the country or abroad.

**20.2.** The Academic Council may also approve admission of lateral entry (who hold a diploma in Engineering/ technology) candidates with advance credit based on the recommendation of the

transfer of credits committee on a case to case basis.

**21.** Eligibility for the award of (M.E. /M.Tech / M.B.A. / M.C.A.) Degree

**21.1.** A student will be declared to be eligible for the award of the (M.E. / M.Tech / M.B.A. / M.C.A.). Degree if he/she has

- i) registered and successfully credited all the core courses,
- ii) successfully acquired the credits in the different categories as specified in the curriculum corresponding to the discipline (branch) of his/her study within the stipulated time,
- iii)has no dues to all sections of the Institute including Hostels, and
- iv) has no disciplinary action pending against him/her.

The award of the degree must be recommended by the Academic Council and approved by the Board of Management of the University.

#### 22. Power to modify

**22.1.** Notwithstanding all that has been stated above, the Academic Council has the right to modify any of the above regulations from time to time.

# **PROGRAMME OBJECTIVES**

The Objective of MBA Media & Entertainment Management program is to provide the graduating Students with an integrated knowledge and ability to perform as Media & Entertainment Management professionals of global standard by developing the Skills of leadership and teamwork, understanding of the latest developments in their functional areas, ability to use analytical tools for decision making, ability to use technology as a management tool, Organizational skills for effective implementation of strategies and the ability for Ethical decision making.

### PBA101DATA ANALYSIS FOR BUSINESS DECISIONS3 1 0 4

#### **OBJECTIVES:**

To provide an insight into statistical reasoning with an emphasis on concepts and applications relevant to business decision making.

#### UNIT – I DISCRETE PROBABILITY:

Basic definitions and rules for probability, conditional probability independence of events, Baye's theorem, and random variables, Mathematical Expectation

#### UNIT - II SAMPLING DISTRIBUTION

Introduction to sampling distributions, sampling distribution of mean and proportion, application of central limit theorem, sampling techniques.

#### UNIT – III TESTING OF HYPOTHESIS:

Hypothesis testing: one sample and two sample tests for means and proportions of large samples (z-test), one sample and two sample tests for means of small samples (t-test), F-test for two sample standard deviations, Chi-square tests for single sample standard deviation. Chi-square tests for independence of attributes and goodness of fit.

#### UNIT – IV NON-PARAMETRIC METHODS:

Sign test for paired data. Rank sum test: Mann – Whitney U test and Kruskal Wallis test. One sample run test, rank correlation.

#### UNIT – V CORRELATION, REGRESSION AND TIME SERIES ANALYSIS

Correlation analysis – Simple Applications, Estimation of regression line. Time series analysis: Variations in time series, trend analysis, cyclical variations, seasonal variations.

#### **TOTAL: 60 Periods**

**TOTAL : 60 Periods** 

#### UNIT- I NATURE AND SCOPE OF MACRO ECONOMIC ISSUES:

Macro economic variables – national income, investment, savings, employment, inflation, balance of payment, exchange rate, etc. – circular flow of income – national income concepts – measurement of national income – role of economic planning – Indian economic planning.

#### UNIT- II ANALYSIS OF NATIONAL INCOME:

Determination of national income – Keynesian perspective - multiplier – accelerator – business cycle – the role of fiscal policy – Indian fiscal policy and experiences.

#### UNIT- III ANALYSIS OF MONEY MARKET:

Demand and supply of money – money market equilibrium – the role of money - monetary policy – Indian perspectives.

#### UNIT- IV INTEGRATION OF COMMODITY AND MONEY MARKET: 10

Analysis of inflation and unemployment - the role of economic policies - Indian experiences.

#### UNIT -V ANALYSIS OF EXTERNAL SECTOR:

International trade – trade multiplier – linkage model – the role of trade policy – analysis of performance of Indian economy in external sector.

Understand the conce of penalties and applies it to solve LPP problems using Big M and Two Phase methods.</li> <li>Applies and solves the transportation problems for optimizing the cost and the profit. Solves the application oriented problems using assignment models and the travelling salesman problems for optimizat of the cost.</li> <li>Solves the integer programming problems using branch and bound technique and cutt plane methods and understands their importance. Solves game theory problems using various techniques.</li> <li>Solves deterministic and probabilistic inventory problems. Understands the decision tree techniques and the decision making under uncertainty. Applies simulati techniques for decision making.</li> <li>Classifies and solves the different queuing models. Solves group replacement models with and without time value of money. Solves group replacement problem</li> </ol>				

# PBA205 APPLIED OPERATIONS RESEARCH FOR MANAGEMENT 3 1 0 4

# OBJECTIVES

- To identify and define problems pertaining to business situations
- To quantify the problem parameters and translate them into suitable mathematical models.
- To interpret, analyze and study the implications of changes in problem parameters on the solution (What-If analysis).

12

12

12

12

# UNIT- I INTRODUCTION TO LINEAR PROGRAMMING (LP)

Introduction to applications of operations research in functional areas of management. Linear Programmingformulation, solution by graphical and simplex methods. Dual simplex method

# UNIT- II LINEAR PROGRAMMING EXTENSIONS

Transportation Models (Minimising and Maximising Cases) – Balanced and unbalanced cases – Initial Basic feasible solution by N-W Corner Rule, Least cost and Vogel's approximation methods. Check for optimality. Solution by MODI / Stepping Stone method. Cases of degeneracy.

Assignment Models (Minimising and Maximising Cases) – Balanced and Unbalanced Cases. Solution by Hungarian. Travelling Salesman problem.

# UNIT- III GAME THEORY AND REPLACEMENT MODEL

Game Theory-Two person Zero sum games-Saddle point, Dominance Rule, Convex Linear Combination (Averages), methods of matrices, graphical and LP solutions.

Replacement Models-Individuals replacement Models (With and without time value of money) – Group Replacement Models.

# UNIT- IV INVENTORY MODELS, SIMULATION AND DECISION THEORY 12

Inventory Models – Deterministic and Probablistic Models - Decision making under risk – Decision trees – Decision making under uncertainty.

# UNIT- V QUEUING THEORY AND REPLACEMENT MODELS.

Queuing Theory - single and Multi-channel models – infinite number of customers and infinite calling source. TOTAL : 60 Periods

#### PBA206 STRATEGIC MANAGEMENT

# OBJECTIVES

- To understand the strategic management process in an organization
- To formulate strategy for an organization
- To be able to carry out strategy audit in an organization

### UNIT- I STRATEGY AND PROCESS

Conceptual framework for strategic management, the Concept of Strategy and the Strategy Formation Process - A formal Strategic Planning Process - Corporate Governance and Social responsibility.

# UNIT- II COMPETITIVE ADVANTAGE

External Environment - Porter's Five Forces Model-Strategic Groups Competitive Changes during Industry Evolution-Globalisation and Industry Structure - National Context and Competitive advantage Resources-Capabilities and competencies-core competencies-Low cost and differentiation Generic Building Blocks of Competitive Advantage- Distinctive Competencies-Resources and Capabilities durability of competitive Advantage- Avoiding failures and sustaining competitive advantage.

# UNIT- III STRATEGIES

Building competitive advantage through functional level strategies- Business level strategy- Strategy in the Global Environment-Corporate Strategy-Vertical Integration-Diversification and Strategic Alliances- Building and Restructuring the corporation-Choice of Strategies-Balance Score Card.

# **UNIT - IV STRATEGY IMPLEMENTATION & EVALUATION**

Designing organisational structure- Designing Strategic Control Systems- Matching structure and control to strategy-Implementing strategic change-Politics-Power and Conflict-Techniques of strategic evaluation & control.

### UNIT- V OTHER STRATEGIC ISSUES

Managing Technology and Innovation- Entrepreneurial Ventures and Small Business Strategic issues for non-profit organisations.

### CASES IN STRATEGIC MAMAGEMENT

# PBA207 RESEARCH METHODS IN BUSINESS

# OBJECTIVES

To impart the students with necessary quantitative skills to conduct high quality independent research related to business administration

# UNIT- I INTRODUCTION TO RESEARCH

The hallmarks of scientific research – the building blocks of science in research – the research process for applied and basic research – the need for theoretical framework – hypothesis development – hypothesis testing with quantitative data. The research design. The purpose of the study: Exploratory, Descriptive, Hypothesis testing (Analytical and Predictive) – cross sectional and longitudinal studies.

# UNIT- II EXPERIMENTAL DESIGN

The laboratory and the field experiment – internal and external validity – factors affecting internal validity. Measurement of variables – scales and measurement of variables – development scales - rating scale and concept in scales being developed. Stability measures.

# UNIT- III DATA COLLECTION METHOD

Interviewing, questionnaires etc. Secondary sources of data collection. Guidelines for questionnaire design – electronic questionnaire design and surveys. Special data source: Focus groups, Static and dynamic datacollection methods and when to use each. Sampling techniques and confidence in determining sample size. Hypothesis testing determination of optimal sample size.

# UNIT- IV A REFRESHER ON SOME MULTIVARIATE STATISTICAL TECHNIQUES 15

Factor analysis – cluster analysis – discriminant analysis –multiple regression & Correlation – canonical correlation – application of SPSS package.

# UNIT- V THE RESEARCH REPORT

The purpose of the written report – concept of audience – Basics of written reports. The integral parts of a report – the title of a report. The table of content, the synopsis, the introductory section, method of sections of a report, result section – discussion section – recommendation and implementation section.

# MANAGING MEDIA

# OBJECTIVE

**PME301** 

This program offers students a broad-based understanding of communication technology and media industries. This course will explore the management of electronic media within the new information environment, Understanding the management practices and programming strategies in the electronic media industry; entertainment media publishing and distribution, consumer patterns and industry trends: entertainment business finance and budgeting

### UNIT I: MEDIA ARTS

Oral, print, performance, photographic, broadcast, cinematic and digital cultural forms and practices, network culture and media convergence, peer to peer authoring etc, media as TV, Live events, film, animation, journalism and reporting

### UNIT II : ENTERTAINMENT BUSINESS FINANCE AND BUDGETING

Understanding of the strategic Role financial management plays in the Entertainment Business, Financial function of the organization, roles and responsibilities, ability to analyse business opportunities and contracts from a financial standpoint, effects of global markets vs. local markets, raising long term finance, venture financing of corporation, returns on values to shareholders, Capital management and laws to do with fund raising

# UNIT III: CONSUMER PATTERNS AND INDUSTRY TRENDS

Print media, film, sound and social websites, advertising in different media fields and revenue patterns as in sound, film, animation, games, LIVE events and internet, Integrating mobile technology as part of marketing strategy, incorporating new technology as part of business plan and distribution

### UNIT IV: EVENTS AND LIVE MEDIA MANAGEMENT

Researching of Product and Company brand, Identifying target audience, Developing Management plan and hiring people, procuring venues and entertainment licenses to stage events, getting sponsorships.

### UNIT V: ENTERTAINMENT BUSINESS CASE STUDIES

Current events and future trends in the industry, Case studies of individuals, products and companies.

# PME302 MEDIA BUSINESS PRACTICES 3 0 2 4

# OBJECTIVE

This intends to provide knowledge on Entertainment media publishing & distribution laws and copyrights in film production, broadcasting, animation and gaming, music and radio and cyberspace.

#### UNIT I : ADVANCED ENTERTAINMENT LAW IN INDIA

Contracts, Copyrights and IP in India, drafting contracts, filing of patents, formalities and necessary procedures, security concerns, trade secrets and privacy, IP, Digital signature, telecommunication regulations

#### UNIT II: MUSIC AND RADIO BUSINESS

Music and Concert Copyrights and Publishing, Record Label development, Future of the Music Business due to new streaming and place shifting technologies, Indian Music Label companies, Music Royalty and distribution of content

### UNIT III: FILM AND TV BUSINESS

Laws and Copyrights involves with the Film and TV Business in India, Distribution of Content for Film and TV Business Theatres and Distributors, and Legal Aspects surrounding Film and TV Business

# UNIT IV: ANIMATION AND VIDEO GAMES BUSINESS

Laws and Copyrights involves with the Animation and gaming business in India, Growth of the Animation and Gaming Industry, Distribution Rights of video games and content

### UNIT V: CYBERSPACE AND INTERNET BUSINESS

Law in Cyberspace, Internet related legal issues, internet publishing and distribution

### UNIT VI: ENTERTAINMENT MEDIA PUBLISHING AND DISTRIBUTION

Publishing Rights and Role of Publishing companies, Various forms of distribution, Real world scenarios in order to resolve common issues in publishing rights and distribution

# PME303 SOUND PRODUCTION AND MUSIC INDUSTRY MANAGEMENT

# 3 0 2 5

8

10

### OBJECTIVE

It provides a broad base of audio industry skills providing business and commercial knowledge of audio theory and studio studies, Setting up of an audio studio, Audio production the radio broadcasting business, Live sound for shows and events and music industry management

### UNIT I : MUSIC THEORY AND STUDIO STUDIES

Music History, Musical Notes & Scales, Time signatures & Key signatures, Chords and Triads, Studio protocol, Recording, Mixing and Mastering concepts

#### **UNIT II: SETTING UP AN AUDIO STUDIO**

What is a recording Studio, Multitrack And Stereo Recording, Studio Types, Home studio, Professional Studios, Commercial Considerations, Costings, Recording Formats

# UNIT III AUDIO RECORDING PRODUCTION

Audio Pre and Post production Concepts and methods, Recording songs, jingles and background music, Recording Session Planning, Scheduling and Budgeting

#### **UNIT IV: RADIO BROADCASTING**

Audio Content for Radio (Spots and Jingles), Radio Broadcast technology (AM and FM), Understanding technicalities in layman terms, Human resource aspects of a radio station, Understanding Basic Financial aspects, Basics of Studio & Infrastructure designing

One-time set up cost of a radio station, Recurring costs of running a radio station

### UNIT V: INTRODUCTION TO LIVE SOUND THEORY

Logistics, set up tear down, reccee, gear listing Planning, Scheduling and Budgeting

### UNIT VI: MUSIC INDUSTRY MANAGEMENT:

Introduces the music/entertainment industry. Presents an overview of the music industry and associated management principles required to succeed in today's changing, competitive, and dynamic music/entertainment business environment.

# PME304 FILM AND TELEVISION PRODUCTION PROGRAMMING MANAGEMENT

# 3 0 2 4

# OBJECTIVE

The course provides with a wide range of professional skills from pre to post production. including brief history of media, communication and film, familiarization of film and video classification, formats, process of Feature, Advertising, corporate and documentary films and Television production.

#### UNIT I: VARIOUS GENRES OF FILM AND TELEVISION PROGRAMMES, PREPRODUCTION TECHNOLOGY 4

Introduction to Video technology and terminologies, Film Genres, Television Genres, Film Aesthetics

#### UNIT II: FILM AND VIDEO CLASSIFICATION, FORMATS, EQUIPMENT AND JOB PROFILES. Δ

Narrative and Non-narrative Films, Feature Films, Ad Films, Documentaries and Television, Genres under each type, Medium & Film Formats, Aspect Ratios, Film Syntax: Shot, Scene & Sequence, Mis-en-scene, Continuity Editing, Cameras (For films & videography), Grips, Lights & package, Sound (On Location & Studio), Post Processing, Hierarchy & Roles across departments in Production & Post, Role of Producer & Production Executives in different stages of production

# **UNIT III: BUSINESS OF FEATURE FILMS**

30 Screen Writing for, scripting, Preparation of Shooting Script, Script breakdown, Visualizing the Content and Craft, Treatment Notes, Character Sketches, Storyboarding, Animatics, Pre-viz, Scheduling, Crewing, Casting, Auditions and Agreements, Location Scouting, Recce and Permissions & Approvals, Hiring Equipment & Rentals, Daily Call Sheets, Assembling & Accommodating the Cast & Crew, Production Safety, Handling Stocks / HDD / Tapes, Obtaining Licenses and Royalties, Post Production Studio Management

# UNIT IV: BUSINESS OF ADVERTISING CORPORATE AND DOCUMENTARY FILMS 10

Concepts & Structure, advertising films as a Communication & Marketing tool, Mediums, Approaches & Types, role of Ad Agencies & Production Houses, Stages of Ad filmmaking, Global Advertising Scenario, Indian ad film industry, documentary film types, funding, preproduction, production and post production.

#### UNIT V: BUSINESS OF TELEVISION PRODUCTION AND BROADCASTING 10

Television Production Process, Phases and Hierarchy, Basics of TV Systems and Video recording formats, Programming Types and Treatment, News Production and Broadcast, Studio Production: Single and Multi Camera setups, Post Production, Broadcast Slots and TRPS

# UNIT VI: ARTISTE AND ACTING TALENT MANAGEMENT

2

Managing Artistes and the products that make up the artiste identity as a commercial proposition.

# PME305 FILM ANIMATION AND GAMING PROGAMMING MANAGEMENT

# 3 0 2 4

## OBJECTIVE

This program offers students an understanding of global production processes in animation and gaming industry. Various genre's as in T V to large screen applications are dealt with from a production technology point of view and in managing creative content making process for animation and gaming vertical.

### UNIT I: ANIMATION PRODUCTION PIPELINE & PRACTICES 20

2D traditional pipeline - pre production & post production , 2D flash – pre production & post production , 3D high end – pre production , post production , various processes in 2D & 3D , best practices in production work globally , Q C practices.

# UNIT II: SPECIAL EFX PRODUCTION PIPELINE & PRACTICES: 20

Special EFX production pipeline & practices . Softwares used in different stages , pre production management , working with artists , role of modellers , HR allocation for pre production , production , texturing department , exposure to gnonom library , data centre for rendering and post production , Q C practices.

# UNIT III: GAMING PRODUCTION PIPELINE , PRODUCTION PRACTICES & GENERATION OF GAMES 20

Ideating for a game , scripting for a game , consumer psychology an age group target, level of game & genre , pre production , H R allocation , production , programming supervision , interaction between game animators and programmers , best practices for interfacing program (v/s) animation , Q C practices , in depth overview of game engines and application access devices.
